Please list below any
experiences, skills and/or
qualifications which you
feel would especially suit
you for this position, and
your reasons for applying

I have been a member of the Board for 7 years and have much
experience with the issues facing the water dept.

(Section Break)

Please explain why you feel
that you should be
appointed to the Board of
Water Commissioners.

I have been actively engaged in the oversight of the water dept.
for 7 years, serving as chairman for 2 of them. I am interested
in continuing this work and am dedicated to the dept. goals of
providing the highest quality water at the most affordable rates
possible and the best fire hydrant system we can provide.

What were the primary
reasons that led you to
apply for this Board
vacancy?

I am reapplying for the seat I currently hold.

Are there any educational,
work or life experiences
that you believe will be
helpful to your decision
making process should you
be chosen as a Water
Commissioner?

My past professional experiences though not in the field of
water provision but in museum administration and higher
education and public gallery management I have been trained
in budget formulation, future planning and the ethical
obligations of board membership, all of which I have found to
be of use in my time on the commission.

Do you foresee any

no

circumstances that would
restrict you from
performing these duties?
