(Section Break)

What is it about your
background, interests and
knowledge that makes you
a good candidate for the TIF
Advisory Board?

See above.

What economic
development opportunities
do you feel exist in the TIF
District?

Infrastructure improvements and redevelopment projects, some of which are already underway.

In what ways do you feel the TIF District can improve the community? Not sure, really. But I would say that if tax increment financing could be used to make infrastructure improvements by developers, that would benefit both the Lakeport community and the City as a whole.

Can you give some examples of potential TIF funded projects that you feel would be good for the economic development of the TIF District and the entire community? Other than preliminary discussions with stakeholders, nothing specific has been proposed. The District has not been met since 2017.

Which of the following criteria makes you eligible to be a TIF Advisory Board member: (Please see TIF District map) Property owner in the District

What is your understanding of how TIF Districts work? They identify financing and public and private development methods and assist the City in establishing redevelopment programs intended to result in numerous public benefits. See NH RSA 162-K:6.

What agencies or organizations are you currently (or have recently been) a member or participant? Primarily, Planning Board Chair. See first answer above for more detail.

Are you available to attend daytime meetings? Yes.

Electronic Signature Agreement I agree.
