RE: LETTER OF APPRECIATION

Dear Chief Canfield,

On behalf of my entire staff, I want to take this opportunity to thank you for providing assistance to New Hampshire Police Standards and Training during our last Full Time Police Academy Session. Specifically, the NH Police Academy requested assistance with teaching firearms, defensive tactics, driving and dynamic scenario training. Clearly, we do not have the staff and resources needed to accomplish this on our own and your support and assistance was a substantial help to our staff and to the recruits of the session.

You graciously sent the following officer(s) to assist us with this training effort:

Officer Tyler D. Babineau

Officer Tyler E. Rouse

Please pass along to these officers my appreciation for their assistance. Your officers acted in a professional manner and lent a level of professional service that reflected great credit on your agency and on all of NH law enforcement

The overwhelming support and assistance that you and the members of your agency provided to the training effort of our recruits serves NH Law Enforcement and the communities that these recruits will serve. Thanks again for your support and please pass along my appreciation and warm thoughts to your officers.

Sincerely,

John V. Scippa

Dear Sir/Madam:

I would like to thank the entire Laconia Police Department for their help in a long ugly situation that went on @ 21 Arch St Apt 3, Laconia NH

Finally the former tenants at 21 Arch St Apt 1 Laconia, NH which include Steven Limoges, Ethan Limoges and Melinda Limoges have been evicted and as of 11PM July 3 2021 vacated the property.

I finally feel safe at my home. This whole situation would have never started if the Limoges didn't start blocking the narrow driveway to a small parking area that we shared at 21 Arch St. Laconia. Because ppl were too lazy and ignorant to put their vehicles where they were supposed to on multiple occasions which I still have proof of and police reports of was not able to leave my residence with my vehicle or enter my residence with my vehicle. From there the situation only escalated and got worse. Both parties were at fault for this including myself as the only way it seemed I could defend myself was stoop to their level and fight fire back with fire. In any event the situation after 2 & 1/4 years has finally been resolved thanks to the Laconia Police. I finally feel safe at my own residence and I couldn't be more happier for a change. This whole situation was unnecessary and a waste of police resources and tax payers dollars but it had to have been done in order for me to maintain my safety the entire time. I feel I can finally put this situation behind me

and move forward except for an upcoming court case that I must attend on July 13th which I will be there for . My goal is to hopefully turn the temporary restraining orders into permanent restraining orders. Again from the bottom of my heart thank-you to the Laconia P.D. for all of your help and support this entire time.

Sincerely,

Steve Camella
