Topic: Acceptance of Funds from the Laconia Life Saving Fund

Discussion: On June 14, 2021, a public hearing was held regarding a resolution for anticipated grants. Included in this public hearing was the anticipation of the Fire Department receiving \$15,000 from the Laconia Life Saving Fund to send one firefighter to paramedic school. The money has now become available, and I am looking for Council approval to accept and expend the money.

Fiscal Impact: No fiscal impact

Staff Recommendation: To accept \$15,000 from the Lifesaving Fund for the purposes of funding one firefighter to go to paramedic school.
