Gentlemen:

I am taking the public occasion of our Police Commission meeting on Tuesday, September 21st, 2021, to thank each of you for providing personnel and support for security and traffic management at the Thunder Over New Hampshire Air Show at the Pease Tradeport this month. This was a very large undertaking and we would not have been successful without your help.

We appreciate the supportive working relationships that exist among our agencies – thank you again.

Very truly yours,

Mark D. Newport, Chief of Police
