RE: Heritage Road (Status)
DATE: December 29, 1998

For the past 25 ± years this Department has plowed and maintained two (2) roads in the Plantation Hill Subdivision, Plantation Road and Colonial Road. As recently as 1980 (letter attached) we were considering the roads as "private" and that our plowing and other maintenance efforts were being done for emergency service purposes only.

Since we have continued this maintenance for an extended period of time we currently list both Plantation Road and Colonial Road as "unaccepted" streets which, by our definition, elevates them to public status by virtue of use for an extended period of time.

Heritage Road, on the other hand, has never been plowed or maintained by this Department and we consider it a "private" road.

To determine the official status of these three streets, you may require the assistance of the City Attorney.

If we can be of further assistance, please call.
