Table with 3 columns: Item, Current Dates, Requested Dates. Rows include Plan Revisions, Site Improvement Security, Mylar and/or Final Plans, and Completion.

Reason for Request: Applicant is in the midst of trying to find a licensed land surveyor who will be able to complete the project in accordance with the timelines. It is expected that the project's completion date will not change, only the dates on which the plan revisions and mylar/final plans shall be complete. The surveyor who drafted the initial plans is unable to attend to this project within the timeframes required and other surveyors are currently quoting timelines at least ninety days out.
