## Recycle Your Clothes at the Transfer Station!

Did you know that 85% of all clothing, shoes and textiles in New Hampshire goes to a landfill?

## Welcome to Laconia Links!

We hope you enjoy this issue of our weekly e-mail newsletter created to keep you up to date on City of Laconia news and activities. If you would like the newsletter sent to your email each Friday, or if you have changes to your email subscription, please call the City Manager's office at (603) 527-1270 or email us at [info@laconianh.gov](mailto:info@laconianh.gov).

A clothes recycling container is now available at the Laconia Transfer Station in the area with the single stream recycling containers.

The organization accepting the material, Apparel Impact, works with clothing graders, and 85% of what they collect is reused. The other 15% of what they collect is in bad enough condition that it needs to be recycled for other purposes.

Apparel Impact also provides over 3,000 people in New Hampshire with free clothing through their community outreaches and partnerships with school districts and Easter Seals.

All items do not need to be clean, but they do need to be dry and free from mold.

Items that can be recycled include:

Purses/Bags  
Ties, Scarfs and Hats.  
Sneakers  
Any type of dress shoes  
Sandals

Flip Flops  
Clothing  
Coats/jackets  
Sheets & towels

*Please help the City reduce its solid waste disposal costs by recycling your clothing not throwing it in the trash!*

Sign-up is required, as capacity is limited to 28 people. Books are available at the Front Desk. Call, email, or text the library to sign up. ## Request for Nominations | 55<sup>th</sup> Annual Awards

The Lakes Region Planning Commission is pleased to announce that the nominating period for our 55<sup>th</sup> Annual Meeting awards is now open through April 18, 2022.

We seek qualified candidates for nomination to the three award categories described below. The Awards Nominations Committee will review all nominations that are submitted by the deadline and present their recommendations to the LRPC Executive Board at its May 11, 2022 meeting. The awards will be presented at our **55<sup>th</sup> Annual Meeting Celebration on Wednesday evening, June 29, 2022.**

Nomination forms are attached and are available for download on our website. Forms may be submitted by email or printed and mailed. Please consider sending us a nomination for the following awards:

**Ayers–Cotton Environmental Service Award.** As a living icon of common sense environmental protection in the Lakes Region, recently retired Commissioner and long-term Executive Board Member John E. Cotton will be honored with our new inaugural Ayers–Cotton Environmental Service Award. LRPC has honored B. Kimball Ayers, Jr. of Moultonborough with this most prestigious award since 1988 and now John Cotton of Andover will share in this honor. Individuals considered for this award will have faithfully and persistently worked to maintain and improve the environmental quality of the Lakes Region in New Hampshire, as both Kim Ayers and John Cotton have done.

**Award of Excellence.** For organizations which have completed exciting and innovative projects in your community over the last year. Is your community doing something different—and better—today because of a new or innovative initiative? Our only restriction is that the project must serve a public good and it must be completed.

**Community Service Award.** For individuals who have made exceptional and sustained contributions to their community and/or the economy of the Lakes Region.

Please send your nomination to the LRPC Awards Committee by email to [admin@lakesrpc.org](mailto:admin@lakesrpc.org) or by mail to 103 Main Street, Suite 3, Meredith NH 03253. **The deadline for nominations is Monday, April 18, 2022.**

For more information or for assistance, please call us at 603-279-5340. Thank you for helping us recognize and celebrate the individuals and organizations who help protect and enhance the Lakes Region.

Sincerely,

Executive Director

# Our yesterdays

*Our sincere thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past.....*

## THEN . . .

This was the South Main Street-Union Avenue corner, Laconia, in the early 1950s. 'Baldi's Corner' (Laconia Fruit Co.) is at left, beyond the Motorola TV sign, with the King (later Turcotte) Block, Palmer Plumbing Supply, Cormier Mill and Laconia Grist Mill beyond it on Union Avenue. Harold T. 'Pappy' Whittum's Mobil station occupies the corner, with Corriveau's Furniture seen behind it and, then, the steeple of First Methodist Church. Texaco Station of Dorval & Malone is off-photo at right. (Laconia Historical and Museum Society)

## . . . AND NOW

Today's 'Sunrise House' (built for Melcher & Prescott Insurance during the city's Urban Renewal Program of the late 1960s-early 1970s) is now associated with Sunrise Towers and together they extend as far as Baldwin Street. Stewart Park has replaced the buildings on Union Avenue and the church relocated to Gilford during Urban Renewal. Buildings at near left were replaced by today's Melcher & Prescott, located in the building erected during Urban Renewal as the Telephone Co. Business Office. (Jon Decker/The Laconia Daily Sun)

# **LED Lighting**

**LED Lighting for  
private parking lots,  
private roads, and  
other outdoor  
applications**

In 2017 the City converted all of its streetlights on Eversource electric poles from high pressure sodium and metal halide to LEDs. The savings in electricity enabled the City to cut its electric bill for the City's streetlights in half.

In 2021 the Public Utilities Commission approved an Eversource outdoor LED lights rate for businesses and residences. LED lights cost less to operate than the high-pressure sodium and metal halide lights, which are still common in private parking lots and private developments in the City.

Condominium Associations, Homeowner's Associations with private roads and others should talk to their account manager at Eversource to determine if converting your outdoor lights to LEDs would be cost effective.

The electric rates for the various types of streetlights can be found at the following website.

<https://www.puc.nh.gov/Regulatory/Tariffs/Eversource-PSNH-Electric-Tariff.pdf>
