With the impending extremely cold weather coming into the region Friday and Saturday, the City of Laconia has been working with our local emergency shelters to ensure that those experiencing homelessness have a safe and warm place to go to.

On Friday February 3<sup>rd</sup> and Saturday February 4<sup>th</sup>, Isiah Café will be open from 9am-2pm as a warming shelter and reopen from 8pm-8am as an emergency shelter.

The Dube Building at the old State School property will be open on Friday February 3<sup>rd</sup> from 8pm-8am as an emergency shelter. They will also be open from 8am on Saturday February 4<sup>th</sup> to 8am on Sunday as both a warming center and a shelter.

The Salvation Army is also providing a place to go for anyone who needs to get out of the cold. The main doors at their 177 Union Avenue location will be open Monday-Friday from 9am-3pm, Saturday from 9am-1pm and again on Sunday from 9:45am-1230pm.

At 8pm each night, a van will be picking up those who need transportation to one of the shelters. The van will be picking up at City Hall and Isiah Café.

The City is monitoring the weather conditions including any power outages and can add warming centers or shelters if the situation requires it. Those needing guidance for cold related emergencies should contact Laconia Police or Laconia Fire Department for assistance.

## ***Rights for someone (or an organization) to cross another person's property***

This is a complicated topic as there are many different ways for someone or an organization to have a right to cross another's property. This article will focus on two of the most common situations in the City.

### **Crossing over another's property:**

A right for another person to cross your property is most commonly created by a private right of way, a right to pass and repass, or an easement. All three versions are fairly common in the City. Most of the time the right to cross another's property is in your or their deed.

Some common situations found in the City are:

- A property that is "landlocked" by other properties such that they do not have access to a public street will have some form of a right to cross a property to get to the public street.
- Two properties that share a driveway, enabling the property owners to get to garages behind the houses.
- A private road that enables property owners to gain access to their property.

### **Utility Easements:**

Utility easements give a utility company the right for a utility, such as an electric line, to go through a person's land. The easement could be for any utility or just a specific utility.

Some common situations found in the City are:

- Utility easements for Eversource's regional electrical distribution system.
- Water, sewer and drainage easements with the City
- Water, sewer and drainage easements to enable a property owner to install underground utilities to the City's system or to a lake or stream in the case of a drainage system.

If you have a question about a City utility easement please call Public Works at 603-528-6379. If you have questions on someone's right to cross over your property, you should talk with your attorney.

Did you know there's a quick and easy way to search for information included in the City's Charter and Ordinances? Just click [here](#) to access this section of our website.

The City's Code is updated periodically; however, as new legislation is enacted by the City Council it will be posted in the "New Laws" section of this page on our website. Topics are also searchable by using key words.

We hope you find this service helpful!

As always, if you have any questions we are happy to help. Just call the City Manager's Office at 603-527-1270.

## THEN ...

**The First Baptist Church**, at the corner of Spring Street and Union Avenue, was dedicated in 1895. Only 23 years later, in 1918, the congregation merged with the First Freewill Baptist Church on Court Street to form the South Baptist Church. Thereafter, the Union Avenue structure was used by Pitman Hosiery Mill from 1919-1921 as a day-care center for children of its employees. From 1922-1936, it became home to the Knights of Columbus and also housed the Palace Movie Theater and a roller-skating rink. From 1936-1941, it was home to the Church of the Nazarene. (Laconia Historical and Museum Society)

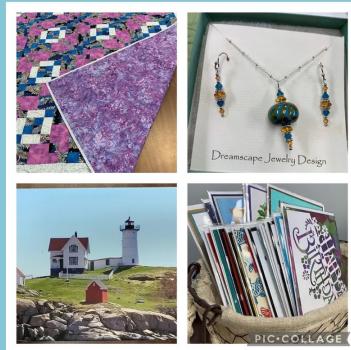

## ...AND NOW

Sometime in the late 1940s, the Union Avenue church was demolished and the St. Jean de Baptiste Society built on the site in 1950, selling to the Salvation Army in 1981. (Jon Decker/The Laconia Daily Sun)

**Safety reminder:** Anyone exercising, walking or skiing on a City road during periods of limited visibility (including snow storms) should wear light colored clothing with reflective material and a blinking light.

Also, you should be walking, running or skiing against traffic so that you can see vehicles coming towards you. Depending on wind speed and direction, drivers may have limited visibility and may not see you.

Walking against traffic gives you the ability to react quickly to approaching traffic if they are unable to see you.

**"In Laconia Schools..."**  
February 2, 2023

Good day, Laconia School District Staff and Families.

On behalf of the Laconia School District, I hope you have had a great start to the new calendar year as we start a new semester this week. Some of us may remember years that began with a "19." It seems unbelievable that we have started the year 2023 and have been in the 21st century for over two (2) decades. At the midpoint of this school year, we have some exciting information about the past, present, and future of the 2022-23 school year that we would like to share in the first of two (2) installments.

**STUDENT SCHOOL BOARD MEMBERS**

We now have student representatives on the Laconia School Board. Ella Tryon, a Senior, and Nerma Krupic, a Junior, will alternate meetings and be a voice for the LHS student body on the School Board. Thank you, Ella and Nerma for your service and commitment to the Laconia School District.

**Staff**

We have continued to use Elementary and Secondary School Emergency Relief (ESSER) funds to hire additional staff in all our schools. This year, these Covid-19 funds are being used to partially or fully fund 16 additional positions to support teaching, learning and interventions for our students.

In the last two (2) years, we have added programming for elementary, middle, and high to expand opportunities and to support future learning pathways for our students, including:

- One (1) music teacher and one (1) art teacher this year means that we have a full-time art and a full-time music teacher in each of our elementary schools.
- A teacher for our College and Career Exploratory program that was added last year at LMS.
- An LHS teacher who is instructing students in four (4) sections of Wood Shop and two (2) sections of classes for students to explore multiple Huot programs.

**21<sup>st</sup> Century Learning After School Programs**

Our out-of-school programs are expanding with 520 students participating in afterschool programs (200 at elementary, 120 at LMS, and 200 at LHS).

- In our elementary schools, we have Lego and Minecraft clubs, project-based learning activities and a variety of programs that integrate future career paths, such as cooking, music, and science.
- At LMS, clubs that we are offering include, Jazz Band, Dungeons and Dragons, Chess, Environmental Club, STEM, Legos, Cooking, Dance, Student Leadership, Art/Photography, to name a few. We also offer math tutoring and homework help daily.
- The LHS after school interest clubs have significantly increased this year growing from two (2) clubs with 30 participants to 25 clubs with 200 participants. Our clubs include math tutoring, homework help, e-sports, SAT Math Prep, Dungeons and Dragons, Chess, and Coding, to name a few. Many of the clubs are geared towards helping students find their passions and possible future careers.

This parking ban allows our City vehicles to safely and effectively keep our streets passable during and after a winter storm. Failure to comply with the winter parking ban may result in your vehicle being towed at your expense.

*Thank you for your cooperation!*

Laconia's sledding hill is now open (conditions permitting!) located at the end of South Street, and can be found on Google Maps if you need directions.

Laconia does not provide any tubes or sleds for use. There is no charge to use the sledding hill and all are welcomed to USE AT YOUR OWN RISK.

In the winter the lights are scheduled to turn on from 4pm to 10pm. Questions? Please call Parks & Rec at 603-524-5046.

# THE VIETNAM WAR

## A LACONIA HIGH SCHOOL HISTORY PROJECT

Throughout the month of April, students in Taylor Osborne's CCR US History class at Laconia High School will be engaging in several different historical processes as they create a project focusing on Laconia's involvement in the Vietnam War. Students will work with the Laconia Historical and Museum Society to analyze primary sources from the 1960s and '70s, as well as connect with local Vietnam veterans to hear and share their stories. Students will generate biographies of several of Laconia's veterans. Their research and work will culminate in the creation and public presentation of a website towards the end of May.

### Community Support Is Needed:

Members of the Laconia Historical and Museum Society have worked to connect with veterans who would like to take part in interviews. Additionally, the Historical Society is able to provide several years' worth of newspapers and members of the Historical Society are available to work with the students as they investigate these documents. The class is hoping to gather resources from friends or family members of Laconia's Vietnam veterans, to share the stories of those who are no longer around to share them themselves. Examples of helpful primary sources could be things like photographs, letters, journals, etc (*Students will work with copies of documents, and all original copies will be returned, unaltered, to the rightful owners*)

The community's support and participation will be a huge help with this important project, and it is much appreciated. The more community support, the better the project will be!

Please do not hesitate to reach out to Mr. Osborne; his contact information is shown below:
