City Curbside Solid Waste Collection during the winter for residents and businesses with curbside collection

Where and how to place your solid waste containers during the winter to ensure the containers can be emptied

Treat your solid waste containers as a mailbox! What happens If you do not dig out your mailbox after a snowstorm? The Post Office does not deliver mail!

For solid waste collection if you put your solid waste containers behind snowbanks, they cannot be emptied.

For rural area residences and businesses without sidewalks -

Place your containers in your driveway near the edge of the road, or dig out an area in the snowbank to create an opening in which to place your containers. Make sure the opening is 2 feet wider on each side than the containers. The depth of the opening only has to be deep enough to provide 1 foot of clearance from the back of the container.

For residents and businesses in areas of the City with sidewalks -

Place your containers in your driveway near the edge of the road.

If you do not have a driveway or the driveway is too small and:

Where the sidewalk is against the curb at the edge of the road, dig an opening through the snow bank out to the street in which to place your containers.

Make sure the opening is 2 feet wider on each side than the containers.

If there is a grass or gravel area between the sidewalk and the edge of the road:

Place the containers in your driveway near the edge of the road, or dig out an area in the snowbank to place your containers.

Make sure the opening is 2 feet wider on each side than the containers. The depth of the opening only has to be deep enough to provide 1 foot of clearance from the back of the container.

Please do not place your containers out for collection before 7 pm the night before your scheduled collection day, and bring them back to the residence or business at the end of the collection day. Do not leave your containers on the sidewalk so that pedestrians can use the sidewalk. If collection is canceled due to a major snowstorm, please bring the containers back onto your property so that the City's plow crews can keep the streets and sidewalks open for your use.

Will the contractor collect containers during a snowstorm? The contractor will provide curbside solid waste collection service during a minor to moderate snowstorm.

The contractor and Public Works consider canceling collection services when forecasters are predicting blizzard or near blizzard conditions. If the contractor decides to cancel collection due to the forecast, the City will post the cancellation notice on the City's [website](#) in the banner section on the top of the City's home page. For those residents who have signed up to receive City alerts, you will receive an e-mail informing you that solid waste will not be collected and the collection schedule for the remainder of the week. If you are not yet signed up to receive alerts and wish to do so, please sign up [here](#).

Solid waste collection and snow plowing –

Public Works leaders and crews will adjust their plowing procedures during minor to moderate storms to minimize the impact of plowing on scheduled curbside collection. Please help the City by following the recommendations in this notice. Call Public Works at 603-528-6379 with questions or for more details.

WINTER PARKING BAN

Winter parking ban began Nov. 1st

As of November 1st, vehicles and trailers cannot be parked on a public street from midnight to 6:30 am. This ban allows Public Works crews to plow snow piles back against the curb and clear snow from the streets when there is little traffic on the street. Vehicles parked on a public street during this time may be ticketed or towed at the discretion of the Chief of Police or the Public Works Director. The fine for parking on a public street during these hours is \$25.00.

Thank you for your cooperation!

Hilliard Road Brush Dump

From November 1st to March 31st, the City of Laconia Hilliard Rd. Brush Dump, located at 325 Hilliard Road will be open for winter hours! It will be open every Friday and Saturday from 10 am to 2 pm, unless it is snowing. If there is a snowstorm, this facility will be closed as all Public Works personnel are involved with snow removal. Residents using this facility must have a Laconia dump sticker or a day pass.

We accept clean wood only (not painted, stained or pressure treated). Wood and tree branches must be no longer than 3 feet with a diameter of 3 inches or less. Leaves are not accepted at the Brush Dump.

Questions? Please call the Department of Public Works at 603-528-6379.

2023 Assessed Values Now available

In accordance with the State of New Hampshire law RSA 75:8-a, the City of Laconia has completed an update of value of all real property as of April 1, 2023. This assessment is based on fair market value using market data from April 1, 2022, through March 31, 2023. This allows municipalities to assess properties accurately, fairly, and at true value.

Please do not use the current tax rate to calculate your taxes. Doing so will result in an inaccurate tax liability. The Department of Revenue Administration will adjust the tax rate prior to billing.

Individual assessments can be viewed by property location in a report of new value updates that can be found at www.laconianh.gov, top of the page, click ALERT.

Any questions should be directed to the Assessor's Office at 45 Beacon St. E. in Laconia, by calling 603-527-1268, or emailing assessing@laconianh.gov.

Our sincere thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past.....

THEN ...

The Guyer brass and aluminum foundry stood at 922 North Main Street, opposite Opechee Park, from 1945 until it was torn down in the summer of 1977. Proprietor Frank W. Guyer had died, May 1, 1976. (Laconia Historical and Museum Society)

... AND NOW

The site is now wooded space between two apartment complexes, 918 North Main St., built in the early 1980s as White Oaks Terrace Condominiums (left), and 934 North Main St., built in the early 1970s as the Opechee Town Homes — just barely glimpsed at bottom, far right. The CHRISTMAS VILLAGE TAKEOVER!!!

Public Works Department

Property Owner's Winter Survival Tip!

The best place to deposit snow when clearing your driveway is to put the snow downstream of your driveway. (Downstream is the direction the plow truck travels.) When Public Works plows the street the snow will be pushed away from the driveway instead of towards it.

Be nice to your neighbor and take them into consideration when you are clearing your driveway!

Also, you can minimize the amount of snow plowed into your driveway by creating a pocket in the snow just upstream of your driveway. This pocket will allow some of the snow on the plow to fall off into the pocket, resulting in less in your driveway!

City plow trucks have wing plows on them and, like delivery companies, we always want to turn right. This causes properties on an inside corner to have areas of deep snow.

Corner lot owners should take this into consideration when developing methods to minimize the impact of snow coming off from a plow blade.

Let us know if you have questions! Just call 603-528-6379. We are glad to help!

Hey everyone... Family Fun Night Is Back!

That's right! We're gearing up for our annual
"Family Fun Night"!

For most of the children, the highlight of the evening is choosing gifts for siblings (young & old) as well as mom, dad, and other family members or special people in their lives.

How Can I Help???

We need donations! If you have new or very gently used items around your house (we tend to struggle in particular with gifts for men and teens), please drop them off at our office as soon as possible. PLEASE be thoughtful of the quality of the items you are donating. And please note that we tend to shy away from stuffed animals (unless they are brand new) and clothing (unless it is a one-size-fits-all accessory like socks, gloves, hats, etc. which should also be brand new). There is a list of donation suggestions on the back of this flyer, but we welcome your creativity! Gift cards for small amounts (\$5, etc.) are also always a hit! For employees, donations can be brought to Room 119 (the Parent Ed Room), for all others, you can leave donations with the receptionist and just let her know that they are for Family Fun Night. She will make sure that they get to us!

****DONATIONS MUST BE RECEIVED BY
DECEMBER 1, 2023****

Donations can also be
shipped directly to our
main office:

Open Enrollment for 2024 Coverage through Medicare & the Marketplace

Basics for Advocates

Open Enrollment Periods (OEPs) are certain times of year when individuals can change their health care coverage. This fact sheet provides basic information on the annual OEPs in Medicare (Medicare.gov) and the Marketplace (HealthCare.gov and state-based exchanges) for the 2024 plan year and highlights issues that are of particular relevance to assisting low-income older adults.

Note: This year is a busy time for health care enrollment changes, as states have restarted regular review of Medicaid eligibility after the end of the declared COVID-19 public health emergency. People age 65 and older who lose Medicaid coverage have access to a 6-month Special Enrollment Period to sign up for Medicare, so it is important to act quickly to avoid late enrollment penalties. A Special Enrollment Period to sign up for Marketplace coverage is also available for people who lose Medicaid and are not eligible for Medicare.

Medicare Open Enrollment

Medicare enrollees have the opportunity to change their current health and prescription drug coverage during the Medicare OEP beginning October 15. It's particularly important for Part C and Part D enrollees to review their coverage options each year as Medicare Advantage (MA) and Prescription Drug Plans (PDP) can change their cost-sharing, provider networks, and drug formularies.

WHO: Individuals currently enrolled in Medicare Parts A or B (original Medicare), Part C (Medicare Advantage), and Part D (prescription drug coverage) should review their coverage to make sure they choose the most affordable options to meet their needs in 2024.

WHEN: October 15 to December 7, 2023.

WHAT: Medicare enrollees can change Medicare Advantage and Part D Prescription Drug Plans, or switch between Medicare Advantage and original Medicare. *Any changes to coverage take effect January 1, 2024.*

Public Works UPDATE

Please note that all signs, chairs, tables and other items that you may have on the City's sidewalks in the downtown area are no longer allowed to be on the sidewalk. This allows Public Works' crews to plow and treat the sidewalks during the winter. Next spring if you desire to again place these items on the City sidewalks, you will need to submit new sidewalk encumbrance permits. Please call Public Works with questions or for more information—603-528-6379.

GETTING A GOOD NIGHT'S SLEEP

An ongoing **lack of sleep** or **poor-quality sleep** increases your risk of **health problems** such as cardiovascular disease, high blood pressure, diabetes, depression, and obesity.

Older adults need about the same amount of sleep as all adults - 7 to 9 hours each night.

But older people tend to go to sleep earlier and get up earlier than they did when they were younger.

Click on the image (above) to find tips to help you get a good night's sleep, presented by the National Institute on Aging.
