IT'S POTHOLE SEASON!

Drive carefully!

Winter is ending and Spring is upon us! The City's roads are experiencing the annual transition when gravel roads become soft, potholes are plentiful and the roads heave due to the freeze thaw cycle.

The groundwater table is high. This causes water to seep out of the ground on hillsides making gravel road surfaces muddy. Dirt roads that were solid when you left in the morning will be soft and slippery when you return. Drive carefully! Dirt roads will rut, and the roads will become muddier as the dirt absorbs more water from rain and runoff. Keeping your wheels out of ruts will help ensure your safety. Public Works monitors dirt roads and adds gravel to the worst spots to ensure the roads remain passable.

The freeze thaw cycle during this time of year generates potholes daily. Most potholes are located on old roads that have cracks or joints in them from road or utility work. If you are on a road with these conditions and you see standing water, it is likely that there is a pothole in the water. If it is safe to do so, adjust your position in the lane to avoid the pothole. Public Works has crews out daily filling potholes, but during this period they can appear faster than we can fill them.

Heaves are caused when the water content in soil under the road increases and the soil expands as it is frozen, lifting the road surface. You will also find this condition on older roads that have cracks in the road. When driving on these roads slow down and exercise caution. Public Works posts frost heave signs on roads when the crews find them or when they are reported. There may be areas and times when roads or sections of roads do not have signs posted. As the ground thaws, these heaves will settle.

As we move from winter further into spring the challenges associated with muddy roads, potholes and frost heaves will lessen.

Please call Public Works at 603-528-6379 with questions or concerns.

Portrait Drawing Workshop with Jaylene Bengtson at the Belknap Mill Museum

Join us for a unique opportunity to learn from Jaylene Bengtson, a retired art educator and accomplished full-time artist, at our upcoming workshop, "Developing a Measuring Eye and Other Fundamentals of Realistic Portrait Drawing," on March 22 at 11 AM.

To register visit, www.belknapmill.org/classes.

Jaylene brings years of experience as an art educator, having taught students of all ages, from youth to adults. With a Doctorate focused on therapeutic art, Jaylene is passionate about using art as a tool for emotional healing and wellness.

In this workshop, participants will learn the key fundamentals of portrait drawing, including the structure of the head, spatial relationships, and achieving accurate proportions. Through the use of pencil and charcoal, students will gain valuable insights into value changes and the subtleties of capturing character in a portrait. Whether you're a beginner or an intermediate artist, Jaylene's expert tips will help you enhance your drawing skills and bring your portraits to life.

Don't miss out on this chance to improve your artistic technique with a respected artist and educator. The workshop is open to both beginners and those with some experience looking to take their portrait drawing to the next level.

Jaylene's work is represented by The Galleries at 30 Main in Meredith, NH, and you can follow her on Instagram at [@Jaylenek.bengtson](https://www.instagram.com/Jaylenek.bengtson).

Our Yesterdays

Our sincere thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past...

THEN ...

'Baldi's Corner' — otherwise known as the Laconia Fruit Co. — at right, occupied the corner of Union Avenue and Main Street for a number of years prior to the city's Urban Renewal Program of the late 1960s-early 1970s. Across the street, at left, the Tilton Block was home to the Oscar A. Lougee department store; and other buildings, dating from the late 19th century, are seen beyond the Main Street Bridge, where the two-story building at left was actually built over the river. (Laconia Historical and Museum Society)

... AND NOW

Stewart Park, at right, was dedicated, Nov. 19, 1973, to the memory of Paul Stewart, a member of the Laconia Housing & Redevelopment Authority from 1965 to 1973 and chairman, at the time of his death. The Best Western Plus Landmark Inn opened as a Ramada Inn, in 1974. New buildings on both sides of Main Street were built during Urban Renewal. (Daniel Sarch/The Laconia Daily Sun)
