Carter Mountain Band Christmas Concert

Carter Mountain Brass Band is pleased to announce a performance at the First United Methodist Church of Gilford on Friday, December 12th at 7:00 PM. The program, titled "Christmas Sketches," features a variety of timeless holiday classics that will surely fill your heart and soul with joyful memories. Nothing seems to capture the warm nostalgia of the season quite like the sound of a brass band.

But that's not all! A Carter Mountain Christmas concert would not be complete without the perennial sing-along or the delightful visuals, poems, and stories that help to elevate the whole experience to a truly magical yuletide celebration. Following the concert, you are all invited to enjoy complimentary dessert with the band in Fellowship Hall.

Are you putting up a tree this weekend?
If you are leaning toward a real tree, pick one with fresh, green needles that do not fall off when touched. Before placing the tree in the stand, cut 2" from the base of the trunk. Make sure the tree is at least three feet away from any heat source like fireplaces, radiators, candles, heat vents or lights, and not blocking an exit. Add water to the tree every day. Never use lit candles to decorate the tree and always turn off the tree lights before leaving home or going to bed. If buying an artificial tree, look for a fire-resistant label. When putting it up, keep it away from fireplaces, radiators and other sources of heat. Never use electric lights on metallic trees.

In the event of any decorating mishaps, #NH911 is here around the clock, ready to connect you with the help you need in an emergency.

City Curbside Solid Waste Collection during the winter for residents and businesses with curbside collection

Where and how to place your solid waste containers during the winter to ensure the containers can be emptied.

Treat your solid waste containers as a mailbox! What happens if you do not dig out your mailbox after a snowstorm? The Post Office does not deliver mail!

For solid waste collection if you put your solid waste containers behind snowbanks, they cannot be emptied.

For rural area residences and businesses without sidewalks -

Place your containers in your driveway near the edge of the road, or dig out an area in the snowbank to create an opening in which to place your containers. Make sure the opening is 2 feet wider on each side than the containers. The depth of the opening only has to be deep enough to provide 1 foot of clearance from the back of the container.

For residents and businesses in areas of the City with sidewalks -

Place your containers in your driveway near the edge of the road.

If you do not have a driveway or the driveway is too small and:

Where the sidewalk is against the curb at the edge of the road, dig an opening through the snow bank out to the street in which to place your containers.

Make sure the opening is 2 feet wider on each side than the containers.

If there is a grass or gravel area between the sidewalk and the edge of the road:

Place the containers in your driveway near the edge of the road, or dig out an area in the snowbank to place your containers.

Make sure the opening is 2 feet wider on each side than the containers. The depth of the opening only has to be deep enough to provide 1 foot of clearance from the back of the container.

Please do not place your containers out for collection before 7 pm the night before your scheduled collection day, and bring them back to the residence or business at the end of the collection day.

Do not leave your containers on the sidewalk so that pedestrians can use the sidewalk. If collection is canceled due to a major snowstorm, please bring the containers back onto your property so that the City's plow crews can keep the streets and sidewalks open for your use.

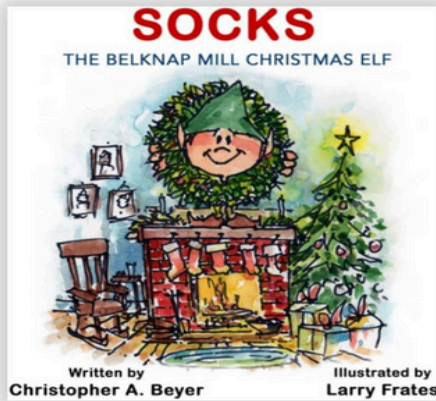

Will the contractor collect containers during a snowstorm? The contractor will provide curbside solid waste collection service during a minor to moderate snowstorm.

The contractor and Public Works consider canceling collection services when forecasters are predicting blizzard or near blizzard conditions. If the contractor decides to cancel collection due to the forecast, the City will post the cancellation notice on the City's website in the banner section on the top of the City's home page. For those residents who have signed up to receive City alerts, you will receive an e-mail informing you that solid waste will not be collected and the collection schedule for the remainder of the week. If you are not yet signed up to receive alerts and wish to do so, please sign up [here](#).

Solid waste collection and snow plowing –

Public Works leaders and crews will adjust their plowing procedures during minor to moderate storms to minimize the impact of plowing on scheduled curbside collection. Please help the City by following the recommendations in this notice. Call Public Works at 603-528-6379 with questions or for more details.

Sand is available!

Laconia residents needing sand for their driveways or walkways during icy weather can get sand from our Department of Public Works. There is a sand pile for residential use located at our DPW garage at 257 Messer Street. Residents can get a maximum of two five gallon pails (or the equivalent).

Please do not take sand from our facility on Bisson Avenue; it is for City use only to maintain our streets and sidewalks.

Questions? Please call Public Works at 603-528-6379.

Thanks and have a safe winter!

Laconia – A Holiday Concert with the New England Irish Harp Orchestra

Start your holiday season with a joyous performance of well-loved Irish classics and original compositions from the New England Irish Harp Orchestra (NEIHO) on Saturday, December 6th, at 1:30 PM at the Unitarian Universalist Church in Laconia.

The New England Irish Harp Orchestra has been captivating audiences with traditional Irish music across New England and Ireland for twenty years. Directed by Regina Delaney, a New Hampshire State Council on the Arts artist, the ensemble includes members from New Hampshire and Massachusetts. Regina was recently honored with the NH Governor's Arts Award for Folk Heritage for her significant contributions to traditional folk art and the cultural community.

This unique performance presents an exquisite blend of lively Irish music, perfect for celebrating the season, alongside soulful traditional pieces that will immerse guests in a festive spirit and radiate the joy of the holidays. Bring your friends and family and let the enchanting melodies fill your heart with holiday cheer!

Organized by the Laconia Historical & Museum Society in partnership with the Laconia Putnam Fund, this special event celebrates the conclusion of a year-long tribute to Laconia's rich Irish heritage.

This event is free and open to the community, but seating is limited. Please RSVP by phone - 603-524-1728, email - info@laconiahistory.com, or online at www.laconiahistory.com by Friday, December 5th, to secure your seat.

Winter parking ban began Nov. 1st

Thank you for your cooperation!

As of November 1st, vehicles and trailers cannot be parked on a public street from midnight to 6:30 am. This ban allows Public Works crews to plow snow piles back against the curb and clear snow from the streets when there is little traffic on the street. Vehicles parked on a public street during this time may be ticketed or towed at the discretion of the Chief of Police or the Public Works Director.

The fine for parking on a public street during these hours is \$25.00.

Public Works Department

Property Owner's Winter Survival Tips!

The best place to deposit snow when clearing your driveway is to put the snow downstream of your driveway. (Downstream is the direction the plow truck travels.) When Public Works plows the street the snow will be pushed away from the driveway instead of towards it. Be nice to your neighbor and take them into consideration when you are clearing your driveway!

Also, you can minimize the amount of snow plowed into your driveway by creating a pocket in the snow just upstream of your driveway. This pocket will allow some of the snow on the plow to fall off into the pocket, resulting in less in your driveway!

City plow trucks have wing plows on them and, like delivery companies, we always want to turn right. This causes properties on an inside corner to have areas of deep snow.

Corner lot owners should take this into consideration when developing methods to minimize the impact of snow coming off from a plow blade.

THEN ...

Union Avenue (then known as Lake Street) and Lakeport Square are seen in winter, in the early 1870s, with construction underway on the taller steeple of the Union Avenue Baptist Church, further up the avenue. Brick building at center was the Weeks Block, built in 1871 and burned in 1881. Adjoining the Weeks Block was the Osgood Block, containing a market. Another wooden building, at far right, contained 'Photograph Rooms' on the second floor and J.P. Whittier & Co., on the ground level. (Laconia Historical and Museum Society)

... AND NOW

After the Weeks Block burned in 1881, the Lakeport Opera House was built on the site, opening in early 1882. The Osgood Block, destroyed by fire in 1939, was replaced by a First National grocery, later by Henry Rogers' Five Cents to a Dollar Store, Jilly's Restaurant, Chaos & Kindness and now by Sir Winston's Private Cigar Lounge. The earlier two-story wooden building, at near right, was replaced by the three-story brick Cushing Block, demolished in 1975. Site of the Cushing Block and the Mount Belkap hotel is now that of the Lake Village Apartments. (Michael Shine/The Laconia Daily Sun)

THEN ...

Milk shed and tower for operator of crossing gates, opposite Passenger Station, Laconia, are seen in the 1950s, with Baldi warehouse behind them at left and the grain elevator of the Merrimack Farmers Exchange in distance at right. Two other industrial buildings are glimpsed behind the tower. Replacement of crossing gates by lights at Pleasant and North Main streets — off-photo at left and right — had been proposed by the Boston & Maine Railroad. See '75 Years Ago' in this week's 'Our Yesterdays.' (Laconia Historical and Museum Society)

... AND NOW

The milk shed was relocated down the tracks, to just before the Water Street crossing and the tower was taken down. Buildings in the background of the earlier photo have all been removed. This section of today's New Salem Street was built as part of the Downtown Revitalization Program of the late 1980s, replacing a number of tracks and sidings, while parking lots for the Laconia Clinic were expanded.
