Bill Bryson's first travel book opened with the immortal line, 'I come from Des Moines. Somebody had to.' In his deeply funny new memoir, he travels back in time to explore the ordinary kid he once was, and the curious world of 1950s America. It was a happy time, when almost everything was good for you, including DDT, cigarettes and nuclear fallout. This is a book that will speak volumes - especially to anyone who has ever been young. Discussion will be led by Frumie Selchen. Books available at the front desk.

### *Memoirs: a Peek into the Lives of Others"*

## BUILDING TRADES ACCEPTING PROJECTS

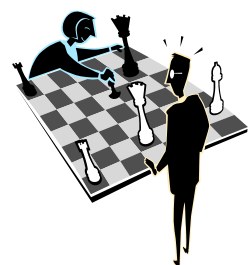

The Huot Technical Center Building Construction program is seeking inquiries and applications for 2014-2015 school year projects. In an attempt to provide hands-on experiences for students, the program is forming project schedules that best address the NH State Competencies for Building Construction.

Projects that will be considered for the 2014-2015 school year include, but are not limited to: custom sheds, wood-frame structures and outbuildings, windows and doors, light concrete, interior finish: drywall, trim, etc., picnic tables, decks, asphalt roofing, and siding.

To apply for a potential project to be completed by the Huot Technical Center's Building Construction program for the 2014-2015 school year, download an application [here](#) or email Matt Towle at [mtowle@laconiaschools.org](mailto:mtowle@laconiaschools.org) for more information

## Swenson Granite Presentation At Taylor Community

David Duford, a sales coordinator for Swenson Granite's Concord location, will present a program at Woodside Wednesday, April 2 at 6:30 p.m. explaining how the quarry and production plant are run today. He'll present a video showing old photos, as well as a PowerPoint presentation with pointed historical information from the late 1800's and early 1900's.

He'll also bring along some pre-drilled granite and demonstrate how the splitting process works. A question and answer period and refreshments will follow. Duford, a self-proclaimed "jack of all trades" has been with Swenson Granite for 19 years and enjoys the historical side of the business.

The event is free and open to the public but RSVPs are requested to ensure seating. Please call 524-5600 between 8 a.m. and 4 p.m. Monday through Friday, or email [rsvp@taylorcommunity.org](mailto:rsvp@taylorcommunity.org).

### City Unveils Main Street Bridge Website

The City is ready to begin construction to replace the 40 year old bridge that crosses the Winnepesaukee River at the South end of Downtown. The contractor, R.M. Piper, has already begun preliminary construction set-up including moving in a construction trailer and preparing a storage area and detour signage. Construction itself is slated to begin "on or around" Monday, March 31st.

As part of the Phase I of construction, Beacon Street East will be closed. All northbound traffic will be detoured down Main St. Those looking to access City Hall, the Laconia Parking Garage or other businesses/offices on Beacon St. East will be directed to Hanover Street in order to re-connect with Beacon St. Maps showing Phase I construction and detours are available from a link on the City's home page.

Main Street Bridge Construction

Click here for Main Street Bridge info including construction plans and traffic detour maps.

The Main Street Bridge Construction Website will be updated periodically with information regarding construction progress, detour timing, special alerts and other pertinent information. Should you have any questions about the construction project or the website please contact Paul Moynihan at Public Works (528-6379, Ext. 301) or Shanna Saunders in the Planning Department (527-1264).

## Drugs and Alcohol: Let's Talk

NH Listens is holding community conversations about drug and alcohol problems in New Hampshire. The purpose of these events is to take an open, honest inventory of the policy changes **YOU** want to see in the coming years. **YOUR** concerns will be reported to representatives and used to inform strategic planning for advocates in years to come. There will be free refreshments and childcare services. Help brainstorm community solutions that **YOU** think would reduce NH drug and alcohol problems.

We want to hear from everyone.

...could **YOU** please bring some friends to an event in your area?

## HOW MANY CALORIES SHOULD MY CHILD HAVE DAILY?

*I've been asked numerous times "How many calories should my child be eating per day?" This will vary based on the child's activity level. Here are some general guidelines to help you assess whether or not your child is taking in too many or too few calories per day. If you have questions about your child's weight contact your family physician and seek help from a Nutrition Specialist. Elizabeth White with Health-firstfamily.org has started a Teen Weight Loss Support Group and Lakes Region Family Resource Center (524-8811) has been offering Cooking Matters classes for families. The course offers Nutrition Education provided by UNH Cooperative Extension along with cooking skills, dinner and food for home.*

## *No More Yelling: Conversations in Current Political Conflicts*

In our current technological age, we have the greatest potential for solving our collective political problems, yet our exposure to political discussions presents us with an impression of constant debate and no resolution. What's a citizen to do?

Many avoid conflict, while others contribute to the cacophony. Meanwhile, our youth have turned away from political institutions toward those organizations they view as more constructive. Join us as Dr. Krisan Evenson discusses what these groups might offer one another and multi-generational approaches to solving our most compelling problems. The program is scheduled for Wednesday, March 26 at 11 a.m. in Taylor Community's Woodside Building.

Doctor Evenson is a political psychologist and teaching lecturer in Plymouth State University's Social Science Department. The program is part of collaboration between Meredith Village Savings Bank, Taylor Community and Plymouth State University, designed to bring educational and entertaining programs to Taylor residents and the greater Lakes Region area.

The event is free and open to the public, but please RSVP to ensure seating, by calling 524-5600 between 8 a.m. and 4 p.m. Monday through Friday, or by emailing [rsvp@taylorcommunity.org](mailto:rsvp@taylorcommunity.org).

### What are Complete Streets?

Complete Streets are streets for everyone, no matter who they are or how they travel.

National Complete  
Streets Coalition

What is a Complete Street? A complete street is a street design that accommodates not only cars but all other modes of transportation including public transportation, biking and walking. A street also takes into account all types of users from the very young to the very old and everyone in between. What this means is streets designed with adequate paved shoulders, bus stops, bike lanes, safe sidewalk and pedestrian street crossings and proper signage. The design incorporates bike lanes, ramps for sidewalks, both visual and audio cues for pedestrian crossings, and traffic calming devices adjacent to pedestrian areas to slow traffic down making a safer environment for the pedestrian.

2

The City of Laconia strives to incorporate elements of complete streets into not only the review of private construction projects but into our own public projects as well. Questions? Please contact the Planning Department at 527-1264.
