10/13	10/14	10/15	10/16	10/17
Columbus Day - No School for Students			READY! For Kindergarten 5:30 pm @ Elm Street School	

GREAT WEBSITES TO CHECK OUT AT ELM STREET SCHOOL

First grade is an exciting year for children. Communication between home and school provides children with the important message that we are working together. This ensures that students have the best possible school experience. Please check out Mrs. Gamlin's [website](#) to see what is happening there.

Another great website is the [ESS Media Center](#). Loaded with reading recommendations by grade level, information on internet safety, how to create an avatar and coding information, this website has something for all children, not just Elm Street School students.

Please take a few moments and check out these websites, sure to offer you an inside view to what is happening at the school.

STEM COLLABORATION AT PLEASANT STREET SCHOOL

Students in Whitney McCallum's 4th Grade class and Kori Smith's Kindergarten class at Pleasant Street School meet weekly to have STEM (Science Technology Engineering and Mathematics) experiences.

MONIQUE LEWIS - KEY CLUB MEMBER OF THE MONTH

The Key Club would like to announce this month's "Key Club Member of the Month". This person has impressed the club as a new member, as well as a new student to our school. She has a great personality, with amazing potential. There is no doubt she will make a great addition to the Key Club here at LHS. Congratulations Monique Lewis on becoming "LHS Key Club Member of the Month."

LACONIA SCHOOL BOARD WELCOMES BARBARA LUTHER

Ward 2 resident Barbara Luther was sworn in at the October 7th Laconia School Board meeting as the Ward 2 representative. Mrs. Luther, who is retiring from her job as the Belknap County Registrar of Deeds, succeeds longtime board member Beth Arsenault who resigned Aug. 17.

Mrs. Arsenault had been the Ward 2 school board member since 1998 and Mrs. Luther will now serve the remaining 13 months of the Ward 2 elected term.

City Manager Updates

Two new updates have been posted to the City's website to keep you up-to-date and informed on what's happening in your City!

First, check out the newest version of [Project Updates](#) providing a concise update of projects in the community. Next, take a look at the updated [Financial & Operational Trends](#) report. In this document you'll find financial information for the current year compared to prior years in several departments, such as fire and rescue call data, revenue from motor vehicle registrations and property taxes, winter storm costs, police incidents, overtime costs and much more!

We hope you find these documents helpful and informative!

Questions? Call the Laconia PD at 524-5257

CODE ENFORCEMENT

October is when we enjoy the foliage but it is also the time that it can get a bit chilly in the morning and evening. Not surprisingly, the Code Enforcement Office has begun to receive inquiries from tenants asking "When does the landlord need to turn on the heat?"

The answer to the parameters for heat are provided by several codes: The International Residential Code, International Property Maintenance Code and the International Plumbing Code for NH, as follows:

Heat must be provided at 68 degrees from Oct 15th, 2014 until April 1, 2015 for Laconia, or if the outside temperature maintains less than 60 degrees on a given day.

NH has a Legal Advice & Referral Center which assists tenants at www.nhlegalaid.org or call 1-800-639-5290. You can also call our Codes office at 527-1293.

Main Street Bridge Construction

Click here for Main Street Bridge info including construction plans and traffic detour maps.

The Main St. Bridge Construction Website is updated periodically with information on construction progress, detour timing, special alerts and other pertinent information. The image (left) contains a link to a webpage relating to the project. On that page you will find the most current information on the bridge project.

Should you have any questions about the construction project or the website please contact Paul Moynihan at Public Works (528-6379, Ext. 301) or Shanna Saunders in the Planning Department (527-1264).

Please remember to support our downtown merchants during this project!

Thank you for your patience!

Meredith Village Savings Bank Supports the WOW Trail with \$5000 Tax Credit Purchase:

Meredith Village Savings Bank (MVSF) recently purchased \$5,000 in tax credits in support of the WOW Trail. In addition to this contribution, the Bank also served as a Festival sponsor for the Trail's recent WOW Fest fundraiser and several MVSF employees participated in the festival events, walks and runs. "We are very proud to support the expansion efforts of the WOW Trail with this contribution," said Cindy Hemeon-Plessner, Vice President and Marketing Officer at MVSF. "The Trail provides a great service to our community – improving our local citizens' quality of life and contributing to the economic vitality of the Lakes Region." Please join us in thanking Meredith Village Savings Bank for their generous support!

WOW Trail Featured on NHPR:

Did you hear the Giving Matters story about the WOW Trail on New Hampshire Public Radio? It features an interview on the Trail with a familiar City official. "Laconia Police Chief Chris Adams sees the trail as a positive addition to the City...." One of the things I love doing when I'm driving around is looking down the trail head and seeing families and couples and children riding bikes and walking."

You can listen to the complete story online at:

Taylor Appoints Ed Soucy to Vice President - Finance

Taylor Community President/CEO Bob Selig announced the Board of Trustees have elected Ed Soucy to the position of Vice President - Finance. Soucy has been serving as Controller for Taylor since May, 2013, prior to which he had extensive experience in managing the finances of health care organizations and companies, including continuing care retirement communities (CCRCs), similar to Taylor.

"The financial management of a not-for-profit 501(c) (3) and in particular a CCRC like ours is complex and unique," explained Selig. "Ed's expertise is invaluable in helping Taylor ensure we continue to operate on a strong financial foundation as we look to the next 100 years of serving our mission to seniors."

In addition to the normal accounting and financial duties, in Ed's new VP-Finance role, he'll oversee the financial management responsibilities in Human Resources, including 401k administration, liability insurance, health insurance, workers' compensation, liability and property insurance. Ed also assists residents with converting from Lifestyle to Continuing Care Contracts, a move that greatly benefits residents and Taylor Community overall.

Ed resides in Hudson, N.H. with his wife and daughters. He enjoys playing Trivial Pursuit with Taylor residents as well as singing show tunes with the Taylor Chorus.

Union Ave. Construction Project

As we work on improving our roads, you may have noticed significant activity on Union Avenue. Work at that location during this construction season includes water main, natural gas, sewer, road and sidewalk upgrades.

The project is planned in two phases, with the second phase (Walker St. to Gilford Avenue) now nearing completion. During the construction day, traffic will be northbound only; southbound traffic will be detoured (see [Phase 2](#) detour plans). On weekends and evenings Union Avenue will be open to two-way traffic.

Please continue to visit the many businesses on Union Avenue and, as always, if you have questions or concerns please call DPW at 528-6379.

Thank you for your cooperation!

The leaves are changing colors, the days grow shorter and the first frost has appeared in some areas of the state. Hand in hand with these signs of Fall are the dangers associated with colder temperatures. The Laconia Fire Department would like to share some timely safety pointers as winter creeps closer. This time of year has people firing up the oil and gas heat and stoking the fireplaces and wood stoves. This means the chances for Carbon Monoxide (CO) problems and chimney fires increase. Let's take a moment to review some information and safety tips to keep your winter heating season safe!

Carbon Monoxide Safety

What is carbon monoxide?

Carbon monoxide, also known as CO, is called the "Invisible Killer" because it's a colorless, odorless, poisonous gas. More than 150 people in the U.S. die every year from accidental nonfire-related CO poisoning associated with consumer products, including generators. Other products include faulty, improperly-used or incorrectly-vented fuel-burning appliances such as furnaces, stoves, water heaters and fireplaces.

Know the symptoms of CO poisoning

Because CO is odorless, colorless, and otherwise undetectable to the human senses, people may not know that they are being exposed. The initial symptoms of low to moderate CO poisoning are similar to the flu (but without the fever). They include:

- Headache
- Fatigue
- Shortness of breath
- Nausea
- Dizziness

High level CO poisoning results in progressively more severe symptoms, including:

- Mental confusion
- Vomiting
- Loss of muscular coordination
- Loss of consciousness
- Ultimately death

What you can do to protect your family from the dangers of CO:

- Install CO alarms outside each separate sleeping area and on every level of your home.
- Use portable generators outdoors in well-ventilated areas away from all doors, windows and vents.
- Make sure vents for the dryer, furnace, stove and fireplace are clear of snow and other debris.
- Remove vehicles from the garage immediately after starting.
- Replace CO and smoke detectors per manufacturer's recommendations.

What should you do if your CO detector activates?

- Determine if anyone in the home is experiencing any symptoms of CO poisoning.
- If any symptoms are present, or the detector instructs you to, evacuate the home immediately and stay out until the Fire Department checks your home and deems it safe to reenter.
- Call 911 and advise them that your detector is activating and if anyone is experiencing symptoms.

Continued from previous page....

Wood stove, Fireplace and Chimney Safety

Have your chimney or wood stove inspected and cleaned annually by a competent and qualified chimney specialist.

Clear the area around the hearth of debris, decorations, and flammable materials.

Leave glass doors open while burning a fire. Leaving the doors open ensures that the fire receives enough air to ensure complete combustion and keeps creosote from building up in the chimney.

Always use a metal mesh screen with your fireplace.

Install stovepipe thermometers to help monitor flue temperatures.

Keep air inlets on wood stoves open and never restrict air supply to fireplaces. Otherwise, you may cause creosote buildup that could lead to a chimney fire.

Use fire-resistant materials on walls around wood stoves.

NEVER burn garbage, piles of paper or Christmas trees in woodstoves or fireplaces.

News From the Laconia Water Department

Please click [here](#) for the Water Dept. website!

The Laconia Water Department is currently working on a project to replace approximately 300 feet of 12-inch and 8-inch water main in the intersection of Water, Pleasant and Main Streets. This work is expected to last approximately three to four weeks. This schedule is governed by the water work being performed on the Main Street bridge.

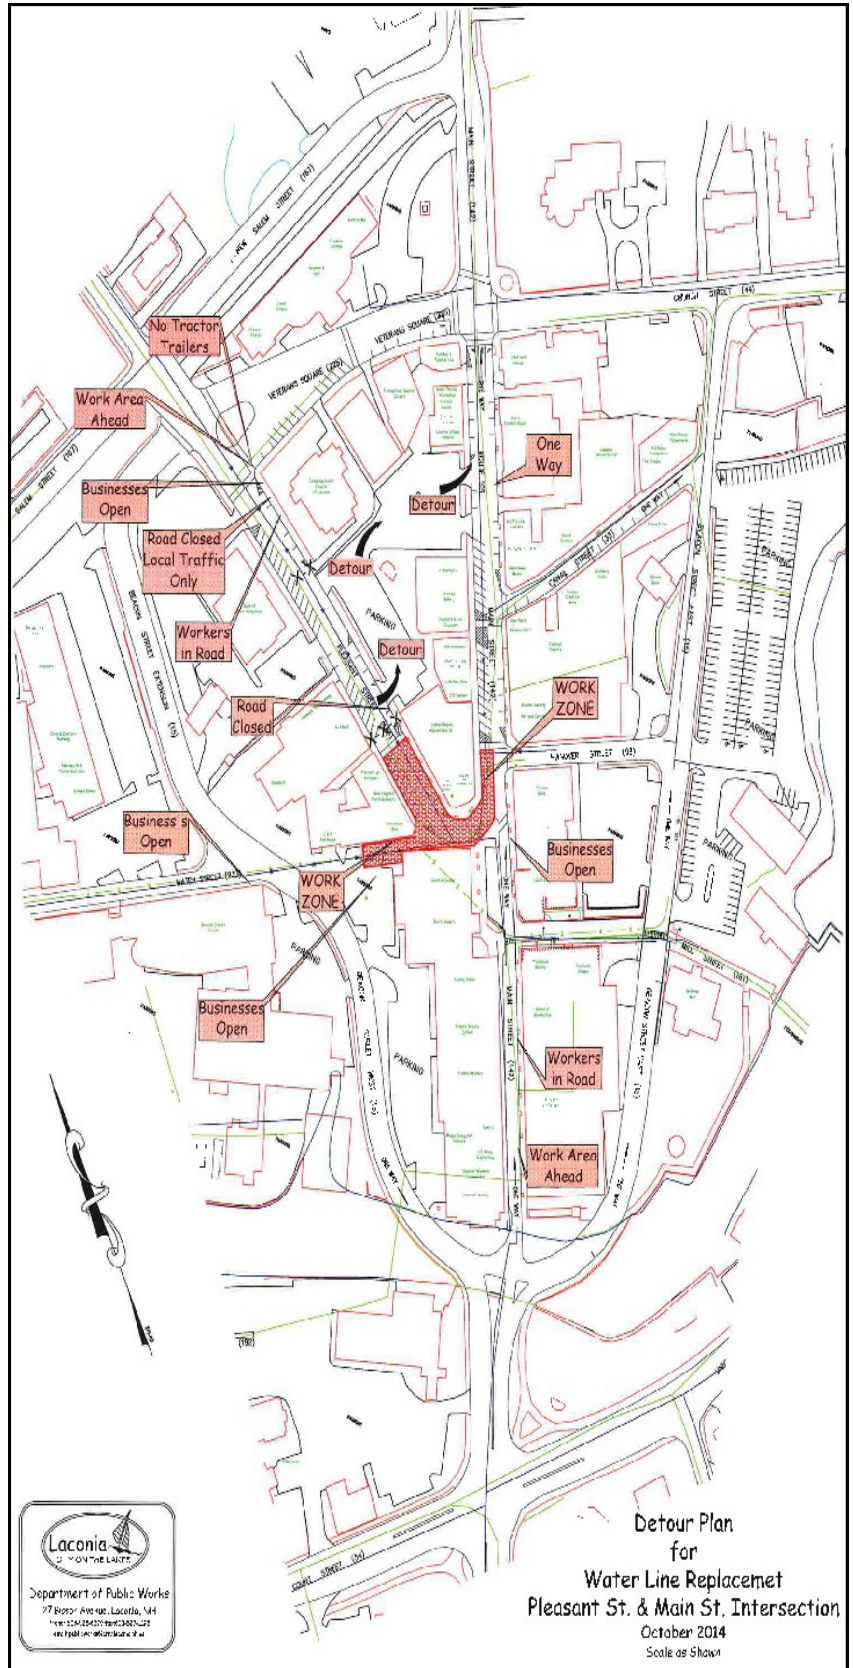

Throughout our construction process, with the exception of weekends and holidays, the intersection of Pleasant and Main Streets will be closed to traffic. Closure of the road is necessary due to the volume of work, limited work area and the number of utilities that are involved.

The map (right) shows the general area of the excavation and traffic patterns during the work process.

This Department would like to thank both the downtown merchants and the traveling public in advance for your cooperation and understanding during the construction process.

If you have questions on this project, please call the Water Department at 524-0901.

*Thank you to
our downtown
merchants, residents
and visitors for
your patience!*

We've done it! In an effort to make YOUR participation in the Master Plan Rewrite process as easy as possible, we have been working to provide the members of Laconia's community with as many options as possible to contribute their input, have their voices be heard, and become involved and engaged in the process.

We are thrilled to now have our online survey available!

<http://www.reimaginelaconia.org/survey.html>

The link above will take you to a brief survey with demographic questions as well as short-answer questions. This survey is an electronic, shortened version of our full-form interview. If you would like to be interviewed, please contact the Planning Department at 527-1264. If you're interested in participating in the long-form interview process, we'd love to arrange a time and location that works for you!

Weirs Community Park

Please come and check out our newest Park! It's a great asset to our community and a wonderful addition to our many parks in the City. Weirs Community Park is located at 49 Lucerne Avenue in the Weirs - behind the Weirs Fire Station.

We hope you can join us!

The Laconia Parks & Recreation Department, along with the Weirs Community Park Association, are having a grand opening ribbon cutting celebration on Wednesday, October 15th at 1:00 pm. After the ribbon cutting ceremony there will be a guided tour of the Park. There are many assets to this facility such as a picnic pavilion, amphitheater, walking trails and a very natural looking fun playground.

Dr. Sax's Dixie Band in Next Taylor Concert Series Program

Dr. Sax's Dixie Band plays the definitive New Orleans jazz works of the early 1900's. Modeled after the Dixieland river boat groups and marching brass bands of the era, this four-piece instrumental group performs classic popular songs, blues, and spirituals.

The group is scheduled to perform Sunday, Oct. 19 at 3 p.m. at Taylor Community's Woodside Building, 435 Union Avenue. The event is free and open to the public.

This concert is generously being sponsored by Joan Allison, Dr. Doris Citron, Harriett Morse, Carolyn Parker, Margery Steady and Ruth Webb.

Band leader Jonathan Lorentz (AKA "Dr. Sax") calls his Dixie Band "just plain fun" and adds that "this music is full of swing and history." Lorentz leads his four-horn band through a songbook that features the staple masterworks: *Blues Skies*, *Lady Be Good*, *When You're Smiling*, *the St. Louis Blues*, *Just a Closer Walk with Thee*, *When the Saints Go Marching In*, and more.

Dr. Lorentz is a daring and creative improviser who aims to play challenging and thought-provoking music, while remaining entertaining for modern audiences. He believes strongly in the interactive and collaborative "human element" of music making. The Dixie Band also features the highly-acclaimed young trumpeter Zachary Lange; longstanding band member and saxophonist Eric Klaxton and lower brass virtuoso Claude Fried, known for deftly alternating between trombone, tuba, baritone horn, and his signature horn, the sousaphone.

Happy Tails Dog Park is hosting a yard sale Columbus Day weekend! All proceeds will benefit the Park. Come show your support!
