# Laconia Fire Department

Link to Fire Dept.'s Website [here](#)

## Laconia Water Department

The City of Laconia Fire Department and Laconia Water Works are very proud to announce our recent Insurance Service Organization (ISO) evaluation has resulted in a significant improvement in our classification.

The ISO evaluates fire protection of communities throughout the country and then determines a Public Protection Classification for each community. The grade ranges from 1 to 10, with 1 being the best. In 2016 there were only 241 Class 1 communities in the country. There are 1,324 Class 2 communities. The majority of the country is graded as a Class 5 or Class 9.

In 2015 the City received a 3/3Y insurance grade. We have now received the 2017 grade and are pleased to report we are a Class 2/2Y insurance grade. This means that properties within 5 road miles of a fire station, and within 1,000 feet of a fire hydrant or alternate water supply, are eligible for lower fire insurance rates. These properties are referred to as Class 2 properties. In addition, properties that are still within the 5 road miles of a fire station but beyond 1,000 feet of a water source are a Class 2Y; these properties are also eligible for a lower fire insurance rate.

In 2017 the Fire Department improved from 32.70 to 37.05, out of a possible 50 points. The improvement was due to additional and consistent staffing and improvements in automatic aid. This is a result of the City Council authorizing additional firefighters and supporting the staffing plan proposed by the Fire Chief, and as a result of automatic response to building fires from Gilford and Belmont. In addition, our divergence rating went from -5.18 to -3.92. This improvement is due to the ability of the Fire Department to better utilize the water supply and is the result of training and hard work from our Laconia Firefighters.

In 2017 the Water Supply improved from 36.52 to 37.47 out of a possible 40 points. This is most notably due to increased water mains, storage capacity and testing of fire hydrants and is the result of the good work of Laconia Water Works.

The new IOS classification of Class 2 is also a great boost for economic growth. Businesses of all types look for any way to reduce their operating costs. A good fire insurance grade is a great incentive to relocate to Laconia. It can result in lower insurance cost as compared to many other communities, and it reflects the City's concern for public safety and their willingness to support improvements. Fire protection is the only municipal service where improved capability can result in savings to taxpayers through reduced property insurance premiums. A community's fire protection is determined by examining three elements: ability to receive and transmit alarms, the capabilities of the Fire Department and the community's water supply system.

Not all insurance companies use the ISO rates. Single family homes may see no change, as the insurance rates are already fairly low. However, larger buildings such as commercial and multi-family buildings should see an improvement. Contact your insurance provider. Most of Laconia is within 5 road miles of a fire station, with the exception of the far northeast corner of the City (the Upper Meredith Center Road area.) You can use Google Maps to determine how far you are from a fire station: use both fire stations - 13 Lucerne Ave (Weirs Station) and 848 North Main St, (Laconia Central Station). You can also send an e-mail to [fdchief@laconianh.gov](mailto:fdchief@laconianh.gov) with your address and we will be happy to let you know if you are within 1,000 feet of a water source.

# NEW WEBSITE COMING SOON

After many months of hard work, we are pleased to announce the launch of our new website on Monday, July 10th! We hope you will find it more user-friendly and easier to find the information that you are looking for. It will allow users to set up an account to customize the website, provide comments and concerns, and subscribe to receive postings and notifications that are of interest to you. For breaking news and emergency notifications there is an Alert section that will appear at the top of the screen. All in all, we feel it will provide a better experience for our citizens and visitors to our community. The new website address is: [www.laconianh.gov](http://www.laconianh.gov) (however, if you have our previous address saved as a favorite you will automatically be redirected to the new site). Please take some time to explore the website after its launch on Monday - we look forward to your feedback! You can use our new "Comments and Concerns" section or contact the City Manager's Office at 527-1270 (or via [e-mail](mailto:email).) Thanks in advance for your help!

## *City of Laconia's Front Porch Award!*

An important goal of the City Council is to encourage aesthetics, plantings and routine maintenance of residential or commercial property and to provide opportunities for private property owners to become engaged in the process of improving the City's appearance. To that end, the "Front Porch Award" was created to recognize citizens who show pride in their community by positively impacting and improving the appearance of their property and, on a larger scale, the entire City.

These positive improvements can be (but are not limited to) the following: General Property Appearance, Landscape Appearance, General Clean-up of a Property, Improvements to Property Appearance i.e. Painting, Window Replacement, etc. Nominations for the "Front Porch Award" may be made by anyone to recognize a property in the City of Laconia based on improvement efforts noted above. Recipients will receive a letter of congratulations from the Mayor and City Council and a photo of their home to recognize their efforts in helping to improve the overall appearance of our City. Recipients will also be highlighted in a display in the front lobby of City Hall and in the City's weekly newsletter, Laconia Links.

Please fill out the [Nomination Form](#) and submit it to the City Manager's Office 45 Beacon St. East Laconia, NH 03246 or email [NBrown@laconianh.gov](mailto:NBrown@laconianh.gov) . Questions? Call the City Manager's Office at 527-1270.

## NH Humane Society

Over a century of love for those without a voice.

Sometimes we call it 'unpacking the suitcase' and in Pepper's case, she did for a long time. However, human problems invariably meant a return two years later to New Hampshire Humane Society.

Now, before we all get on our high horses, let us state categorically for the record that we support and encourage those that cannot continue dog ownership to bring that creature back to us. It's the right thing to do.

Pepper is perplexed and puzzled about the turn her young life has taken. Just 2 ½ years old, she grew up in the company of other dogs and children. Always a bit of a worrier, and shy, Pepper mourns her former family. She so needs new friends to stand by her and help her realize life can be fun and enjoyable again. She's such a good dog, having completed puppy training at the shelter when she herself was small, she is a wonderful calm, quiet companion who just needs a home to blossom and flourish in – as all good dogs deserve. Look into her wizened, melancholy brown eyes and see that glimmer of hope for a new home and a fresh start.

# MIND IN THE MAKING

## The Essential Life Skills Every Child Needs

Author Ellen Galinsky draws on fresh research to explain what we should be teaching our children and, with the Bezos Foundation, developed a training series for the general public, families, and professionals.

Mind In The Making can help children and adults thrive now and in the future.

Presenters: Karen Welford, Marti Ilg & Julie Sackett

This series is sponsored by Thrive Laconia

The main take-away is that life skills emerge early, the development of these skills must be promoted, any child can learn these skills, and any adult can teach these skills

Promoting these skills doesn't call for expensive toys or equipment or lots of time – it does involve fun and using everyday things in new ways!

Module topics include, Focus and Self Control, Perspective Taking, Communicating, Making Connections, Critical Thinking, Taking on Challenges, and Self-Directed, Engaged Learning... the things we all need to be successful!

## LRAA Speaker - July 17, 2017

The Lakes Region Art Association will be holding their monthly meeting on July 17 at 7pm at the LRAA Gallery at Tanger Outlets in Tilton, NH. The meeting is open to the public.

Innovator and creative director of Hitchcock Productions is the speaker for the evening. Tom Hitchcock "builds unique promotional campaigns that combine strategic creative and database targeting methodologies to gain superior results."

At the LRAA meeting Tom will discuss "Selling Your Artwork" through an 8-step process. Starting with your artwork, which is your product, you want to find good qualifying customers to purchase your art. Then you develop a strategy, your marketing plan, which is dictated by your budget. After creating a test campaign you examine the results, make adjustments, and then launch your marketing plan. "The key to a lot of this is learning how to locate and qualify interested buyers in a large universe of potential art consumers." Tom will discuss all of these points and more, in greater detail.

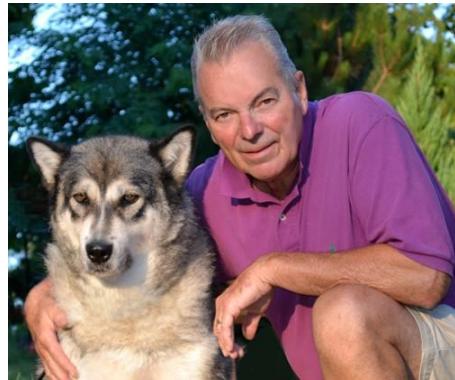

Photo of Tom Hitchcock with his Malamute, Luke

"Marketing is not an event," Tom says, "but the sum of all you do and a continuous practice and effort." Come to the meeting and learn some good tips on how to sell your artwork!
