Belknap Mill Awarded \$390,000

The Belknap Mill is pleased to announce the award of \$390,000 in tax credits from the NH Community Development Finance Authority. This award will support the continued restoration and renovation of the Belknap Mill. The New Hampshire Community Development Finance Authority (CDFA) recently announced their award of \$4 million in tax credits to nonprofits throughout New Hampshire.

The funds will have a significant impact on initiatives that advance local community economic development goals, capacity building for the New Hampshire nonprofit ecosystem and technical assistance to support economic development across the state. "The Tax Credit Program is uniquely structured to enable effective, reliable deployment of public and private resources to our nonprofit partners. The result is the creation of long-lasting public-private partnerships that achieve critical local initiatives that enable our communities to be more resilient, vibrant places people want to work, live and visit." - Katy Easterly Martey, Executive Director, NHCDFA.

Samuel P. Hunt Grant Recipient

With thanks to the grant writing expertise of David Stamps, the Belknap Mill is pleased to announce a grant award of \$50,000 from the Samuel P. Hunt Foundation. The funds will be used specifically for the restoration and renovation of the beautiful Rose Chertok Gallery on the 3rd floor of the Mill.

A long time community gathering space - the Rose Chertok Gallery - is where newly-weds gather for their weddings and receptions, where businesses meet for strategic planning, where families celebrate baby showers, birthdays, celebrations of life and where Rotary and other civic organizations meet regularly.

Some of the renovations planned include new accessible restroom facilities and updates to the catering kitchen, along with restoration of the floor and improvements to lighting and ventilation.

Riverside Art Gallery Exhibit - Featured Artist: Joanna DeCesare (see picture above)

As Joanna tells it art has always been part of her life.

Loving to draw as a child changed into photography with an Instamatic camera she used for many years. Self-taught with no formal training, many years passed before she traded the instamatic for a much higher grade of camera equipment.
