ONE CITY, ONE BOOK IS BACK!

One City, One Book returns this fall with *When Books Went to War: The Stories That Helped Us Win World War II* by Molly Manning.

One City, One Book is a program designed to bring the community together by encouraging citizens of all ages and backgrounds to read and discuss the same book. This year's selection is sure to appeal to book lovers and history buffs alike. The book brings to life a little known, yet extraordinary, story of a nationwide campaign launched by librarians to send free books to American troops during WWII. The impetus of this campaign was the burning of more than 100 million books by Hitler's regime. By 1943, the War Department and the publishing industry joined in the campaign and the results yielded 120 million small, lightweight paperbacks for the troops to carry with them.

Books will be available in the Library beginning September 10. Be sure to stop in and pick up a copy to find out more about this inspiring story from American history. *One City, One Book* is sponsored by the Laconia Putnam Fund, Laconia Public Library, Laconia School District, and the Laconia Human Relations Committee.

THE SS LACONIA PRESENTED BY THE LACONIA HISTORICAL & MUSEUM SOCIETY

Thursday, October 11 @ 7pm
Laconia Rotary Hall

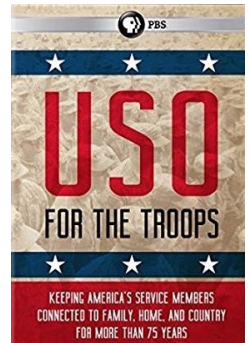

The Laconia Victory was built as a maritime cargo and transport vessel as part of a unique fleet of over 500 boats during WWII. This ship was the namesake of a previous luxury liner/troop carrier, called Laconia, that had been sunk in the Atlantic Ocean by a German U-boat off South Africa in 1942. The irony continues in that the WWII sinking followed a separate incident in 1917 when another converted Cunard liner/troop carrier named Laconia was sunk by a German U-boat off the coast of Ireland in WWI. All three were named after, celebrated, and mourned by the City of Laconia New Hampshire.

The Laconia Public Library, City Government, and local organizations assisted with a significant floating Library effort and impressive launching of the Laconia Victory at the Baltimore Maryland shipyard where it was constructed. This is their story.

THE EVOLUTION OF THE SUPREME COURT FROM THE FOUNDING TO 2018

Thursday, October 4
6:30pm
Laconia Rotary Hall

A great deal has changed since Alexander Hamilton described the Supreme Court in Federalist Paper No. 78 as the "least dangerous branch" of the national government. The first Chief Justice, John Jay, resigned his position after concluding that he could be more influential as a public official in his home state of New York. Today, political parties understand that control of the Judicial Department can be as important as control of the Executive and Legislative Departments. The Supreme Court regularly rules on the constitutionality of congressional, presidential and state action, something that rarely occurred during the first 100 years of the republic.

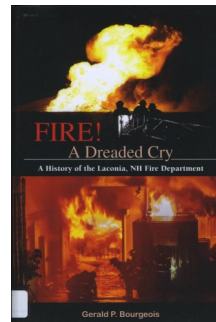

Dr. David Marion, Elliott Emeritus Professor of Government and Foreign Affairs at Hampden-Sydney College in Virginia, will compare what the delegates to the Constitutional Convention of 1787 inserted into Article III of the Constitution about a national judicial department with the Supreme Court of 2018.

Dr. Marion is the author of an award-winning book on the late Justice William Brennan. He has been invited to speak at the U.S. Supreme Court and the National Archives. He will be returning for his fourth program at the Laconia Public Library.
