Messer Street Substation Rebuild

EVERSOURCE

Substation Location:

Locations shown on map are for illustration only and show general areas where construction activities will occur. Actual locations may vary.

The Messer Street Substation on Messer Street in Laconia, N.H. has electrical equipment that needs to be replaced in order to accommodate future load growth in the area. The substation rebuild project will make the electric system more reliable, improve the capacity of the system, and reduce the impact of outages. Once complete, the substation will support local residents, businesses and industry in meeting the continuing need for reliable electric power.

Eversource will be working at the existing substation location on Messer Street in Laconia. During construction, a mobile substation will be temporarily placed adjacent to the gravel parking area of the Lake Opechee boat launch.

The Lake Opechee boat launch will be available for public use during construction, with the exception of temporary closures occurring during equipment deliveries.

This work will not interrupt electric service to homes or businesses.

Call 888-926-5334 OR email Eversource at NHProjectsInfo@Eversource.com to learn more.

Local McDonald's Franchisees Support New Hampshire Association of Chiefs of Police with Statewide Fundraiser

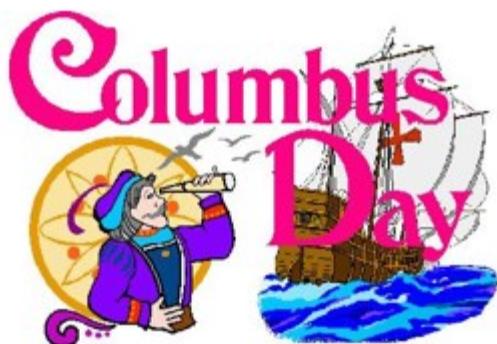

On Wednesday, October 3rd, McDonald's franchisees across the state will spearhead a fundraising effort to donate \$50,000 to the New Hampshire Association of Chiefs of Police. Visit our local McDonald's from 4 pm to 7 pm on that day when you can lend a hand and support them by purchasing a meal! All 54 McDonald's restaurants across NH have committed to this fundraiser, and a percentage of the evening's sales from customers will contribute to the NH Association of Chiefs of Police.

A Laconia police officer and a cruiser will be on site. The officers will meet and greet families and children, in addition to providing educational tips and information to customers. In addition, McDonald's will recognize several officers throughout the state who go above and beyond in the line of duty, as well as those officers who are highly invested in their community.

The money raised through this event will assist in providing high-quality law enforcement training and the continued development of the profession of law enforcement toward the police's efforts in supporting the communities they serve.

Going Out Your Way: Exploring Affordable, Environmentally-Friendly and Meaningful Funeral Options

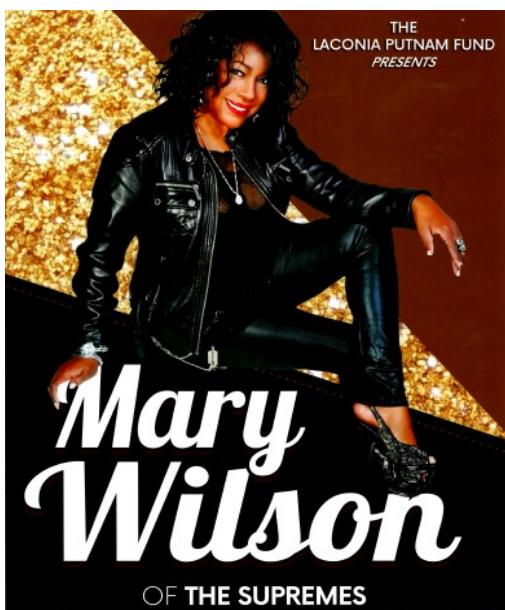

Explore sustainable and meaningful funeral options with a twist as Lee Webster shares information about emerging eco-friendly funeral movements that are changing the way we do death in America. With funeral prices rising along with temperatures, it is time to look at ways to reduce expenses and carbon footprints while still having rich, meaningful send-offs.

This provocative and surprising hour-long presentation is Wednesday, Oct. 3 at 6:30 p.m. at Taylor Community's Woodside Building. The event is free and open to the public.

Webster returns to Taylor to introduce ways we can plan for a more planet-friendly exit through eco-conscious home care practices and sustainable conservation burial options. We will learn the latest in what is happening in the U.S. around the world to design authentic ways of honoring our loved ones without breaking the bank. We will also do a little funeral myth busting while we are at it.

Webster is president of New Hampshire Funeral Resource, Education & Advocacy, a local nonprofit organization providing practical funeral information. She is also a frequent speaker on funeral reform throughout the country, and author of several published books and articles.

Pet of the Week: Candy

Almost always nestled behind a pillow in our small social room, you can find a beautiful sleek black feline named Candy. Being one of our more reserved and shy cats, most who come to visit the shelter pass right by her without even knowing it.

When Candy first arrived at the shelter this past winter, she let her fear show through aggression towards our staff. But she worked with our staff members for months in our Shy and Fearful program until she finally built up the courage to be around people she doesn't know.

Over a half a year after arriving at the shelter, Candy is a completely different cat. She has learned to enjoy affection from humans, and even gets a little jealous at times when her

feline friends steal attention away from her. The next time you visit, come spend some time with Candy, she is truly as sweet as her name suggests. Visit www.nhhumane.org to view all of our adoptable pets!
