June 14, 2019 - Edition #391

*The 96th Annual Laconia Motorcycle Week continues.
Don't miss the last weekend of this year's event!*

Question: "Where do the City's recyclables go? Who are they sold to, and what do they do with them?"

Answer: Casella, the City's collection contractor, takes the recyclables collected at the curbside to their transfer station in Belmont where they are mixed with recycling from other communities. The recyclables are then hauled by semi-truck to their material reuse facility (MRF) in Charleston, Massachusetts to be sorted. Any contaminants are sent to a landfill and the various recyclable products are then sold to buyers who reuse the material. Recyclable products are a commodity, and different buyers may purchase the material from Casella. Corrugated cardboard brought to the City's compactor on Messer Street is taken to a salvage firm who then sells the product to buyers.

UPCOMING EXTENDED HOURS!

The City of Laconia is happy to announce that City Hall will be open for extended hours on the 1st and 3rd Tuesdays of each month, beginning on July 2, 2019! The offices of the City Clerk, Tax Collector/Licensing and Planning, Zoning & Code will be open until 6 pm for these two days.

The extended hours that we are offering twice a month will allow residents to register vehicles, obtain vital records, pay property taxes, apply for or pick up building permits, receive assistance with zoning questions and more. Our goal is to provide the best possible service to our residents and visitors. We are hopeful that these added hours will prove to be convenient for our customers by providing more options when conducting City business.

200 YEARS IN LACONIA

MONDAY, JUNE 17TH 6:30 PM

**CELEBRATE THE HISTORY, MUSIC AND TRADITIONS OF THIS
LONG-STANDING LACONIA ORGANIZATION.**

200 years of Mount Lebanon Lodge No. 32 in Laconia

Recognizing "200 Years of Mount Lebanon Lodge No. 32," the Laconia Historical and Museum Society and Mount Lebanon Lodge will explore the history of this local Lodge of Free and Accepted Masons, Monday, June 17, at 6:30 p.m.

The event, to be held at Mason Hall, 63 Court St., next to Walgreens Pharmacy, is free, open to the public and refreshments will be served.

Chartered in 1819, the Lodge has provided two centuries of service to the community and reflects 300 years of Freemasonry and, in fact, 400 years of involvement since colonization of the land that is now called New Hampshire.

Parking is available across the street at the Court House or behind the Walgreens drive-thru, off Rowe Court, for lower level access to the Hall.

**Resident Beach Stickers
Now Available!**

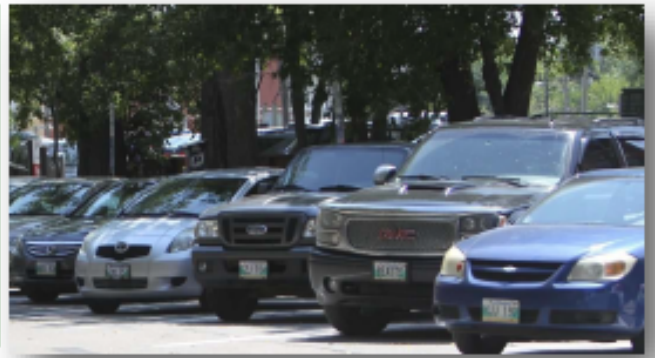

Resident beach stickers for Bond Beach or Weirs Beach are now available in the City Clerk and Tax Collector Offices!

Two stickers per household, \$15 each (or \$25 for two if purchased at the same time). Please bring vehicle registration! Weirs Beach open from June 22 thru Sept. 2. In-town beaches open from June 22 thru Aug. 18. Contact Parks & Rec. at 524-5046 for beach rules.

REVERSE ANGLE PARKING

There is a new way to park in certain areas of downtown Laconia!

With the new parking style called reverse angle parking or back-in parking, you will back into a space so that the front of your car is facing the street. This method has been used across the country. Reverse angle parking will be coming soon to Beacon Street East and Beacon Street West!

Benefits of Reverse Angle Parking

Improved Driver Visibility:

- When leaving a parking space, drivers are facing forward allowing a better view of traffic and cyclists.
- Drivers do not have to back into traffic blindly when leaving. This makes departures safer, quicker and easier.

Accessible Parking and Curb Ramps

- Accessible parking spaces are provided with direct access to the sidewalk.
- Wheelchair users can load/unload from the vehicle's side or rear, away from the traffic lane.

Easier Loading/Unloading:

- When vehicle doors are open, they block pedestrian access to the travel lane and guide them back to the sidewalk.
- The vehicle's trunk is accessed from the sidewalk, making it safer and more convenient to load/unload items.

Traffic Calming

- On-street parking visually narrows the roadway lane width, contributing to slower speeds and enhancing driver alertness.

It's as easy as
1 2 3

How does it work?

Just like parallel parking:

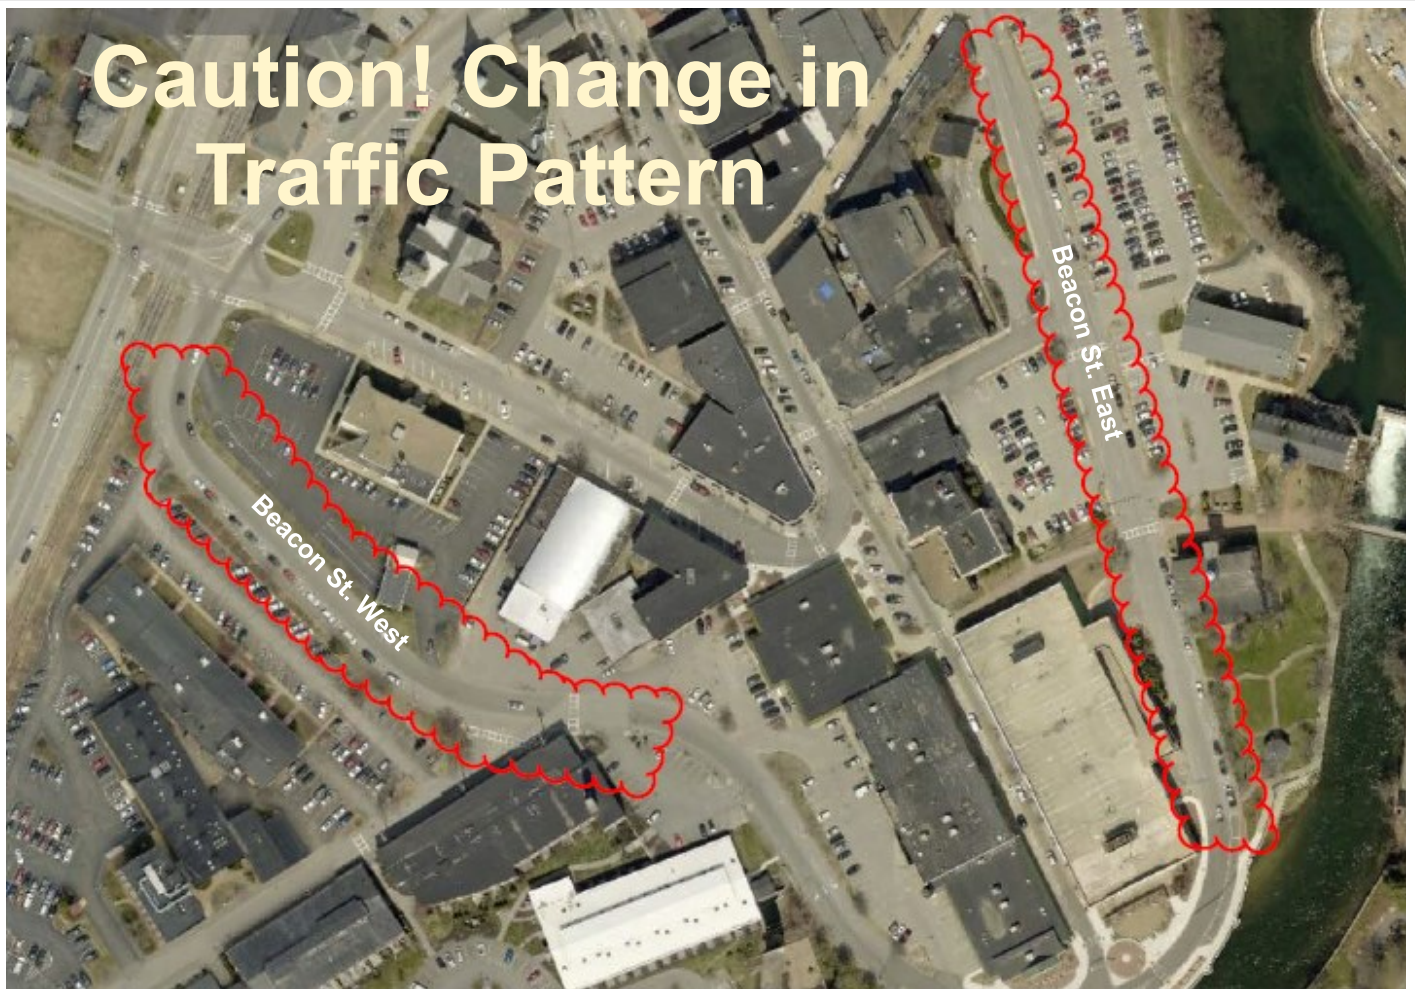

1. Signal a right turn to warn other drivers.
2. Pull past the parking spot and stop.
3. Reverse into the parking spot.

For more information, please contact the Department of Public Works at 603-528-6379 or email_publicworks@laconianh.gov

Thank you for your cooperation!

Caution! Change in Traffic Pattern

The DPW will be changing the travel lanes and parking spaces on Beacon St. East and West in late June. The changes are limited to the marked areas shown on the map. The travel lanes in this area will be reduced to a single lane and the parallel parking will be changed to reverse angle parking (see previous page). The single travel lane will create a “traffic calming effect” and result in slower speeds. The reverse angle parking increases the available parking spaces in this busy downtown area. Public Works will have signs in the area before and after the traffic pattern changes are made. Please be alert while drivers become accustomed to the change!

PARKING ENFORCEMENT IN WEIRS BEACH

Summer is almost upon us, and vehicles parking in the public parking spaces on Lakeside Avenue and in the Endicott Rock Parking Lot must now pay to use the parking spaces. Parking in this area is “pay by space”. Please ensure that you know your parking space number when you leave your car as the parking kiosks will ask for that information.

(Parking passes are available for purchase by Laconia residents for Endicott Rock Park beach parking lot - see [page six](#) for details).

Theatrical Performance: One Guy's Perspective

As a rule, men tend to look at life solely from their own point of view. Typically, they believe their point of view is the truly correct one. In this one-man performance of comic and dramatic monologues, Hank Offinger takes on a number of different characters who are convinced their individual perspectives reveal the truth. The performance is scheduled for Wednesday, June 19 at 2:00 p.m. in Taylor Community's Woodside Building and is free and open to the public.

Besides his full-time job as Taylor Community's Care Management Director, Offinger can often be found on stage throughout the Lakes Region Community.

The Hurricane of '38 with Author Stephen Long, June 17

In 1938, not a single living person had ever experienced a hurricane in New England. The previous hurricane had been so many years past that people in the Northeast believe they only happened in the South – Florida, Texas and North Carolina.

Then, without warning, the most destructive weather event to hit the Northeast blasted all the way through to Quebec.

Join us Monday, June 17 at 6:30 p.m. in Taylor Community's Woodside Building as Author Stephen Long discusses this disaster and shares his book on the subject, "Thirty-Eight, The Hurricane that Transformed New England." This free event is open to the public.

Promoting Prevention and Recovery

Our yesterdays

Our thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past....

THEN ...

Lakeside Avenue at Weirs Beach in June 1983 during Motorcycle Weekend gives the flavor of that event, 36 years ago, which would 'go down as one of the quietest in years' despite 'one of the biggest crowds' ever seen here — 'but also one of the best behaved in a long time.' An estimated 50,000 fans were in town for the Loudon Classic. (Citizen file photo)

... AND NOW

Changes over the past three and a half decades include a new 'station' (obscured by the crowd, in distance at right) for the Winnepesaukee Flagship Corp., built in 1987 to replace the 1940 art deco building erected by the railroad after the 1939 fire that also destroyed the Steamer Mount Washington. Nearly two years after floodwaters washed part of the boardwalk into Lake Winnepesaukee, Aug. 7, 2008, a new section was reopened in May 2010. A major facelift of the avenue in 2017 included repaving, parking kiosks instead of meters, underground utilities and other improvements. (Adam Drapcho/The Laconia Daily Sun)
