Important News for City Residents!

Over the last month the City has begun a campaign to improve how its residents and businesses dispose of their solid waste as part of the City's Curbside Solid Waste Collection Program. The City began this effort starting with businesses and condominium associations.

Starting on July 20th Public Works will begin focusing on single family residential properties, as well as multifamily residential rental properties.

The City's solid waste rules as they apply to residences include the following:

- Solid waste can only be placed in the City right of way no earlier than 7 pm the day before the area's collection day. The cans must be removed before 7 pm the day of collection.
- All trash must be in plastic bags and be placed in a trash can. The trash can cannot be overflowing.
- All solid waste cans must have a lid.
- Single family residences can have two trash cans.
- A duplex can have four trash cans.
- A triplex can have six trash cans.
- Any apartment complex over 3 units can have only 7 trash cans.
- Recycling containers are unlimited; however, the contractor will only collect recycling containers that are not contaminated with trash.
- Solid waste containers can weigh no more than 50 lbs including its contents. The container shall have a height no greater than 36 inches.
- The City does not collect tires, freon containing appliances or electronics at the curb.
- Large items can be placed in the right of way for collection if the item is a 2 person lift. Each item must have a bulky item sticker.
- Metal bulky items with a bulky item sticker are only collected on the first Wednesday of the month and by appointment only.
- Large items placed in the right of way for another party to take for free are considered trash and can only be in the right of way from 7 pm the day before the area's collection day to 7 pm on collection day.

The curbside collection contractor as of July 20, 2020 will only pick up curbside solid waste that meets the City's regulations. Public Works employees will be inspecting collection routes and may assess fines depending on the nature of the violation of the City Solid Waste regulations. Questions? Call 528-6379.

Thank you for your cooperation!

With the recent updates to the State of New Hampshire's COVID-19 Reopening Guidelines we are now able to offer the concerts in Riverside Rotary Park. We ask that you follow the simple guidelines below in an effort to ensure that all attendees are able to safely enjoy the concerts.

The Belknap Mill is delighted that we are able to bring our 2020 'Arts in the Park' Summer Concert Series to the Laconia and Lakes Region community! Enjoy!

The Adventures of Tom Sawyer **By: Mark Twain** **Friday, July 17 - Friday, July 24** **Chapter 33 - Chapter 35**

We began our reading of *The Adventures of Tom Sawyer* in May and now after 13 weeks we are reaching the last chapter. We learn that Tom and Huck have become wealthy, as they have discovered their hidden treasure. Tom is lauded as someone who might one day be admitted to the national military academy or possibly training in the best law school in the United States. "So endeth this chronicle," writes Mark Twain, "It being strictly a history of a *boy*, it must stop here; the story could not go on much further without becoming the history of a *man*."

Chapter 33:

There is a bowie knife next to Injun Joe – the knife seems to appear throughout the story. Where is Injun Joe buried? How does Tom feel as he has a sense of how Injun Joe suffered?

Chapter 34:

A short chapter filled with high drama. What is the amount of the gold coins piled on the table? Can you calculate the worth of these coins today? Imagine!

Chapter 35:

Huck, now wealthy, is "adopted" by widow Douglas. And yet he just can't take being "clean and neat, combed and brushed." He describes this life as being "tied up." He and Tom conspire and figure it out. How does Mark Twain end the story of Tom Sawyer?

Our yesterdays

Our thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past....

THEN . . .

Detail from a 1960s aerial photo shows Water Street at left and Pleasant Street in lower right foreground. Old Laconia Car Co. buildings are occupied by Allen-Rogers at top left and Laconia Shoe Co. at top right in the structure today housing Winnisquam Printing at far left and Hector's Restaurant at far right. Projecting from the building is an addition (arrow) put on by the shoe company in 1955 and, from 1973-1981, occupied by the Laconia State Liquor Store. Old City Hall (which was being torn down, 50 years ago this week) and Depot Square Auto Supply are seen in lower right corner. The railroad tracks are glimpsed at upper right. (Laconia Public Library)

. . . AND NOW

The section of Beacon Street West (foreground) which now traverses the area in the center of the earlier view was opened to traffic, Nov. 12, 1970, and the Shoe Co./Liquor Store addition was razed in 1982 for parking in conjunction with development of the two-story brick building as Streetcar Place. Today, Winnisquam Printing is at left and Hector's Restaurant at far right in the structure erected by the Car Shops in 1908. A three-story wooden building (earlier located off-photo at left), which had once served as the Car Co. offices, was also torn down around that time and the site made into parking.
