## From the City Clerk's Office

A sincere thank you to all of our election officials, poll workers, and voters for another safe and successful election on Tuesday, November 3, 2020. A special thank you to the Laconia Parks and Recreation Department for delivering and setting up the polls and use of the Community Center for the preprocessing of the absentee ballots. Thank you to Laconia Village Bakery and South End Pizza and Seafood for feeding the election officials, Laconia Police for monitoring the polls, and to the staff in the Tax Department for all of their help with the absentee ballots. Without all of you, this election would not have been as successful as it was.

## **'Black Brook' book sells out, second printing ordered**

The first 50 copies of Claire Clark's new book, "Black Brook: A Historical View of the Northerly Section of Lakeport, New Hampshire," sold out within two weeks, the Laconia Historical and Museum Society reports. A second printing has been ordered and copies should arrive within a day or two.

Consisting of 168 pages in 8-1/2 x 11 format, soft bound, illustrated with more than 120 photographs, 20 in full color, the book was written by Claire Blanchette Clark, who grew up in the Black Brook section and has done extensive research on this part of Lakeport.

Among other features explored are the Squire Clark ("Hathaway") House, Tekwood, the Shore Diner, Rudzinski icehouses and Blaisdell Avenue — along with the people who lived and worked there. Many of the photos have never appeared in print before.

Some 60 years in the making, this book focuses on the residential, along with the industrial, commercial and tourist-related character of this section of Union Avenue - with emphasis on the homes and businesses located there from early settlement to around 1950.

Copies may be ordered by sending \$29.95 per copy (\$36.95 if book to be mailed) to Laconia Historical and Museum Society, P.O. Box 1126, Laconia, NH 03247. If the book is to be picked up locally, provide a phone number, e-mail address or other contact information. Books may also be purchased directly from the Belknap Mill. Call 524-8813 to arrange pick-up time.

### **HYDRANT FLUSHING NOTICE**

As part of our continued effort to maintain drinking water quality, Laconia Water Department will be flushing hydrants

**November 2nd through November 13th, 2020**

While this may produce discolored water, it is not harmful. Simply run the cold water until it clears. There could also be some fluctuation in pressure for a short period of time.

If you have any questions, please don't hesitate to contact us.

## SURVEY OF TRASH AND RECYCLING CONTAINERS

The City of Laconia, as part of its efforts to improve the quality of life in the City and to control the growth of costs associated with disposing of solid waste, is considering converting from a manual collection system to an automated collection system.

An automated collection system has a single operator in the truck and the operator uses a mechanical arm to empty the containers. This option can reduce the City's curbside collection costs and is safer for the workers who collect solid waste.

All solid waste containers must be compatible with the plan for this type of collection system. The plan includes the City providing City owned trash and recycling containers to residents and business that are on public highways and meet the criteria for curbside collection under City ordinances.

Approximately 7 years ago the City was selling recycling containers with "Laconia Recycles" stamped on the container as part of its effort to enhance curbside recycling in the City. The stamped imprint on the cans let the driver know that recycling was in those containers. These cans are compatible with automated collection systems.

Many residents and business may have bought trash containers that are also compatible with these systems. A picture of a compatible can is shown (left).

As part of the planning process Public Works is asking those residents and businesses in the City who still have these cans, or similar cans, to let the City know that they have them. Your reply will help the City determine how many cans it needs to buy allowing us to continue the planning process.

To make it easy for residents and business to reply, the City has created a page on its web site to collect your responses. The website will collect addresses but not names. Your reply will enable the City to determine the cost of conversion to an automated system. Your replies will also enable the

City to develop its plans for delivering cans in the City if the City Council decides to convert to an automated system.

**Please click [here](#) to complete the "Survey of Trash and Recycling Containers".**

**We ask that all residents and business reply by November 30th.**

If you have any questions, please call the Department of Public Works at 528-6379.

Thank you for your help!

**The Aldrich Studio** ('a complete line of photographic equipment and supplies') opened, 75 years ago this week in 1945, in the former F.R. Adams' West End Grocery and Provision Store, 154-156 Elm St., corner of Bayside Court, Lakeport, seen here in the early 1900s, at the west end of the Elm Street Bridge. Immediately to the left is a gatehouse on top of the Lakeport Dam. Building with stair tower in distance beyond it is the Bayside Mill, which burned in 1905. The other large factory building at left center in distance is the Halifax Mill, which was razed in 1966. Flanders & Kelly grocery store (later, Demers) is the building at extreme left. (Laconia Public Library)

**. . . AND NOW**

**The Aldrich Studio** building was razed in connection with construction, in 2001-2003, of a new Elm Street Bridge, one bridge width south of its predecessor. In fact, none of the buildings in the earlier view still exist, with the exception of the Metz building (then, the Tetley Box Shop) which was glimpsed at far left in that photo, and the Opera House Block in the distance at left. # SOLID WASTE

## Trash Pickup Information

As part of the City's effort to improve the quality of life in the City, Public Works has been enforcing the City's [Solid Waste Ordinance](#).

Following are some of the issues that have resulted in violation notices and fines. The first violation results in a warning. The second violation results in a minimum of a \$250 fine.

### **Residents and businesses are putting solid waste containers in the right of way too early and leaving them out too late.**

Solid waste containers can only be placed out for collection after 7:00 pm the day before your scheduled collection day, and they must be removed from the right of way no later than 7:00 pm on your day of collection.

### **Bulky Items are put in the right of way too early for collection.**

Bulky items are like solid waste containers. They can only be placed out for collection after 7:00 pm the day before your scheduled collection day and they must be removed from the right of way no later than 7:00 pm on your day of collection.

### **Bulky items do not have stickers on them.**

The contractor will only collect bulky items if they have a City bulky item sticker on them. Many residents hope that someone will take the item for free leaving the item on the street too long, thus resulting in a violation notice.

### **Trash bags are on the ground.**

The contractor will only collect trash if it is in a container. They will not collect loose bags that are on the ground.

### **Trash cans are overflowing.**

The contractor has been instructed to follow what the City calls the "Iceberg Rule". If most of the bag is below the level of the rim of the trash container, the contractor will collect it. Otherwise, the bag will be left by the contractor and placed on the ground.

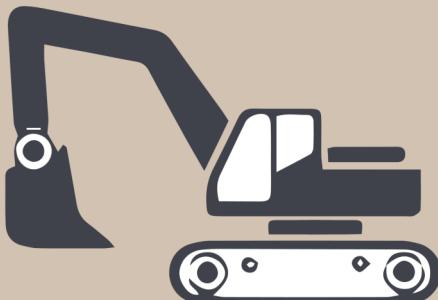

### **Yard waste (leaves and grass clippings) are put out too early.**

The City only collects yard waste at the curb 4 weeks each year. Two weeks are in the spring and two are in the fall. Yard waste can only be put in the right of way after 7:00 pm the day before your scheduled collection day. Laconia residents can bring yard waste to the Transfer Station; commercial establishments cannot. Please ensure your yard waste does not include any invasive species as the yard waste is composted and it can spread these species into other areas.

**Questions? Please call DPW at 528-6379**

***Thank you for your cooperation!***

## Digging/Excavation in the City's Right-of-Way Fees Are Increasing

Starting December 1st, the permit fee for Digging/Excavation in the City's right-of-way will be increased.

The Administrative/Inspection Fee is increasing from \$75 to \$125.

The City has instituted a street damage charge. This charge is assessed at \$5.00 per square foot of excavation occurring within the paved portions of the public right-of-way or on City property.

An infrastructure damage charge of \$2.50 per square foot of excavation will be charged for excavation occurring within the unpaved sidewalk areas of the public right-of-way or on unpaved portions of City property.

Streets that have been paved within the last five years are considered under moratorium and work on these streets is permissible only under certain circumstances.

If an excavation occurs in a street where the pavement is less than 2 years old, the street damage charge is multiplied by three (3).

If an excavation occurs in a street where the pavement is 2 years to 5 years old, the street damage charge is multiplied by two (2).

Contact the Department of Public Works at 528-6379 if you have any questions, check the City's website for the [ordinance](#) update and to apply for a [digging/excavation](#) permit.

LRSF Assistant Director, Paulette Loughlin (l), LRSF and Gilford Hannaford Assistant Store Manager, Troy Cone and Executive Director, Karen Switzer

## Gilford Hannaford Helps Support Lakes Region Scholarship Foundation Through Their “Hannaford Helps-Reusable Bag Program”

The Lakes Region Scholarship Foundation has been selected to be the *Hannaford Helps Reusable Bag Program* recipient for the month of November. The *Hannaford Helps Reusable Bag Program*, was launched by the Hannaford in October 2015 and is designed to support local non-profits through the sale of the reusable Community Bags. The store features two kinds of reusable bags that will assist charities: the Community bag, which will benefit LRSF and another, the Hannaford Fight Hunger bag which benefits a different local charity.

Each month a local charity or service organization is chosen as a beneficiary of the program by the local store. When a customer purchases one of these special Community Cause reusable shopping bags, Hannaford donates \$1 to that organization. LRSF will be the featured “cause” for the month of November. Executive Director, Karen Switzer said that LRSF is excited to be included in this program and offered many thanks to the management of Gilford Hannaford for their support. Switzer said “These funds will go to our Friends of the Foundation Operating Fund which helps us get all of the background work done to complete our mission.

Since 1956, we have been serving as a clearinghouse to receive scholarship funds from various area donors. Presently we have over 260 donors that we serve. We screen applications and distribute scholarships for the donors and we are always working to encourage new scholarships. For more information about Lakes Region Scholarship Foundation you can visit us at our Facebook page, website: [lrscholarship.org](http://lrscholarship.org) or give us a call at 527-3533.” Assistant Director, Paulette Loughlin added that she hoped that many people in the area would stop in and shop at the Gilford Hannaford during the month and purchase a bag. She said “We have a motto at the office that a drop in the bucket, even the smallest, eventually will get us a bucketful of support...every drop counts. We hope that many in the community will help to fill our bucket and be part of this special fundraiser.”

## Resident of the Month

Ralph Higgins, 68, a Laconia NH native and Vietnam War Veteran has been named "Resident of the Month at Sunrise Residential Living.

Ralph served in Vietnam from 1966-1970 on a Navy ship. He was transferred to Vietnam to a TP boat. The original name of the boat was Higgins boat, named by his grandfather. These boats carried machine guns that never stopped firing, and they could turn around fast. Ralph worked on plastic explosive devices.

Ralph remembers eating food from his helmet while being in Vietnam. In 1970 he came back home to Laconia, NH and married his wife. He started working at Allen Rogers, staying there for 8 years, then moved on to the shoe repair shop in

downtown Laconia. Ralph also worked at Lakes Region Construction for 20 years before settling down to work at a restaurant in Laconia, subsequently retiring at age 62 after a back injury.

Ralph was born in Laconia NH. He has 15 brothers and sisters and has been a resident of Sunrise Towers for 8 years. He spends most of his time working on the electric wiring on his power chair that he bought a year ago. Ralph has decorated his power chair with American flags and many bright and shiny colors so he is easily seen by the public eye. His chair is a work and progress and he hopes to have it all working and up and running by spring.

### A World War I Remembrance

On November 11th at 11 am the Belknap Mill will join with other Americans across the nation to toll bells in remembrance of those who served and sacrificed. We invite other local organizations throughout our City to join us!

A nationwide bell-tolling on November 11th is a solemn reminder of the sacrifice and service of veterans of the Great War, and all veterans.

We encourage you to take a moment to listen and remember.

## Belknap Mill Celebrates National Sock Day, Nov. 11th - Dec. 4th

In honor of National Sock Day we celebrate the history of our Mill. The Belknap Mill kept feet in every part of the world warm at one time or another. During WW I and II our soldiers needed warm dry socks, and the Mill provided them.

In the spirit of community, the Mill will be collecting quality socks of all sizes, for men, women children through the month of November. All socks collected by National Sock Day (Dec. 4) will be donated to our local shelters in honor of all those who served.

Socks may be dropped off at the Mill Monday-Friday, 9 am to 1 pm, and Saturdays 10 am to 2 pm.
