## Curbside Collection Tips

### ***When can I place trash and recycling containers out for collection?***

Trash is collected every week from the curb at the public right of way. Containers can be placed out for collection no earlier than 7 pm the night before your scheduled collection day and must be removed from the curb by 7 pm on your collection day. Recycling is collected every other week. The time for putting recycling containers out for collection is the same as for trash containers. (See [recycling calendar here](#))

### ***Where can I place my containers?***

The containers cannot block pedestrians from using sidewalks. The full width of the sidewalk must be kept open at all times. Containers can be placed in the road against the curb or may be placed behind the curb. If placed behind the curb they must be within 6 feet of the front of the curb. Containers must be at least 3 feet apart from each other and 3 feet from another object like an electric pole or a mailbox.

### ***How do I get rid of bulky items?***

The City does not collect tires, electronics or freon containing devices at the curb. These items must be brought to the transfer station for disposal. Those items that can be placed at the curb for collection must have a bulky item sticker. These stickers can be purchased at Public Works or City Hall. Bulky Items are collected by appointment only. Metal items are collected on the first Wednesday of the month. Non-metal items are collected on the 2nd and 3rd Wednesday of the month. Bulky items can be placed at the curb no earlier than 7 pm the night before your scheduled appointment.

### ***What happens if I place my containers out at the curb too early or leave them too long?***

For a first offense the property owner will receive a warning letter from Public Works. For a second offense the property owner will receive a fine of \$250. In the case of condominium associations, the association will receive a warning letter or fine if their members' containers are out too early or too late.

### ***I am a senior citizen and have not yet received my smaller containers, when can I expect to receive the containers?***

The additional smaller containers have been ordered and the manufacturer expects to ship them in late July. Once they arrive, Public Works will begin the process of swapping containers. Swapping will occur on a property's scheduled day of collection.

Additional questions? Please call the Department of Public Works at 603-528-6379.

**Try out our new Gaga Ball pit at Opechee Point!**

Our thanks to the Laconia Kiwanis Club for installing the new Gaga Pit at Opechee Point!

GaGa (or Gaga) Ball gets its name from the Israeli word for "hit" – *ga* – and originated in Israel. Therefore, GaGa Ball means "Hit, Hit Ball." This is a fun and active game - a kinder and gentler version of dodgeball!

Bring a bouncy ball and some friends to play. Instructions are posted so you can learn the game.

### Prevent Medicare Fraud

The Senior Medicare Patrol (SMP) program empowers and assists Medicare beneficiaries to prevent health care fraud, errors, and abuse. We serve beneficiaries of all ages, their family members, and caregivers. Whether you have questions about how to prevent fraud or you need assistance determining if it has occurred, SMP can help you to protect yourself and your loved ones.

### Tips to prevent, detect, and report

- ◆ Only share your Medicare or Social Security number with those you trust.
- ◆ Only carry your Medicare card when you need it.
- ◆ Keep a record of all your medical visits and procedures.
- ◆ Review your Medicare statements for mistakes like charges you don't recognize or duplicate billing.
- ◆ Call your health care provider, Medicare, or your local SMP if you see something suspicious.

### Look out for:

- ◆ Billing for services or medical supplies that were not provided.
- ◆ Misrepresenting a diagnosis, your identity, or other facts to bill Medicare.
- ◆ Prescribing or providing excessive or unnecessary tests and services.
- ◆ Billing out of pocket for services covered by Medicare.

Prevent. Detect. Report.

MP is a national program of the Administration for Community Living, an independent division of the U.S. Department of Health and Human Services. Learn more at [ACL.gov](http://ACL.gov).

## A Book Study of "The Explosive Child" by Ross Greene, PhD

In his book, "The Explosive Child", Dr. Ross Greene explains his research-based approach to addressing challenging behaviors, which is grounded in a collaborative and proactive problem-solving framework, giving children a voice and empowering them to be part of the solution rather than merely the recipient of a punishment. Don't let the title of this book fool you...Dr. Greene's techniques are effective with all children, whether they handle their frustration "explosively" or not.

Following is a testimonial from a recent attendee of a One Light Theatre production:

*"I have seen my share of local theater. I was raised with siblings who performed. I was often dragged to musicals and plays even though it was not my favorite way to spend my time. I swore as an adult I would not be subjected to sitting through theater. Now, I have a child who loves theater. Which means I am spending more and more of my spare time taking her to the theater. This past weekend we went to see One Light Theatre's production of "Big Fish the Musical." I sat there with my mouth agape. In the first moments of the show, we are treated to the lavish costumes which bring this tall tale to life. Then they started telling a heart-wrenching story of William Bloom's struggle to reconcile his relationship with his father. Teddy Wilkin, plays Edward Bloom. His charisma and ability to create a character who ranges in age from 12-70 was phenomenal. The balance between being an over-the-top storyteller offset with real moments between him, and his son or he and his wife are so believable. His son, played by local Hunter Perkins, is a no-nonsense type A 30-year-old who just can't see eye to eye with his father. Perkins brings this character to life in a way that I have never seen on stage; he aches to love his father but just can't overcome his personal beliefs. By the end of the production, I was holding my daughter, sobbing at the beauty that was brought to the stage. One Light Theatre has made a theater lover out of me. They may not have a huge theater, but they have the heart. I was saddened by the empty seats in the theater when just weeks ago, I had seen a production at the Colonial that was full. Don't sleep on this production or on this company's entire summer season. The show plays again this weekend. Take a chance and go see it, and you won't be disappointed!"*

## Prescott Farm Environmental Education Center

### Intro to Mindfulness Meditation: Mindful Walking

The format for this upcoming one and half hour class includes:

- A brief overview of 'What is Mindfulness Meditation.'
- Breathwork and a walking practice on the beautiful grounds of Prescott Farm (outside if weather permits.)
- We will incorporate moments of pause throughout the session to share insights and stories. We will consider how mindful walking can increase our focus, gratitude, and joy and allow us time to ask

In our modern world, many of us feel like we are on a hamster wheel. No matter how much we do or how fast we do it, it is never enough. Even if we try to slow down, incessant thoughts flood our minds and hijack our sense of peace and calm. If you relate to this, then a Mindful Walking practice may be just what you need! When we mindfully walk, we unite the body and mind together. We do this by being aware of each step and each breath and bringing ourselves into the present moment. Why not cultivate a daily habit of mindful walking?! After all, most of us spend a portion of each day walking as we engage in everyday activities. So, let's get you off that hamster wheel and into the present moment during this beautiful time of year. After this class, mindful walking will be a practice you can take anywhere. The necessary equipment is always with you, and it will open you to the beauty and peace available in each moment.

## Damage to Solid Waste Containers

The solid waste and recycling containers provided by the City are warrantied for 10 years. The City will repair or replace the containers damaged through fair wear and tear. Please call Public Works (603-528-6379) to begin the process of having the containers repaired or replaced if necessary. When you call, please identify the type and size of the container and provide a description of the damage so that Public Works can bring out the materials necessary to repair/replace the container.

For example;

- A 65-gallon trash can had one of its wheels fall off the container.
- A 35-gallon trash container had one of its wheels break and the wheel is in pieces.
- A 95-gallon recycling container has a broken hinge and the lid will not stay on.

Public Works will take the actions necessary to have the manufacturer provide the City with a replacement container or the parts used to repair the container and will put the replacements back into City stock.
