Our Yesterdays

Our sincere thanks to Warren D. Huse, the Laconia Historical and Museum Society, and the Laconia Daily Sun for providing a glimpse into our community's past...

THEN ...

In this detail from a 1949 aerial photo, the 'Old red Mill' (left) and an apartment house (center top) are seen, with Union Avenue at right. The Laconia Needle Co. building (originally, the W.D. Huse & Sons machine shop) is at lower right corner and the W.D. Huse & Co. Inc., paint and hardware store is at bottom, at the end of the old wooden Mill Street Bridge (which was replaced with the current steel footbridge in 1958). The Old Red Mill was at one time the factory of William Abel, knitting machine manufacturer, and later home, among others, to Tilton Hosiery, Sterling Engineering, Kinsman Organs and ultimately F.W. Webb. (Laconia Public Library)

... AND NOW

Construction had begun on the River's Edge apartments, in distance, 10 years ago this week, and were opened, Aug. 19, 2016. The brick office building, in front of the Old Red Mill, was demolished in 1970. The house at 142 Union Avenue (opposite High Street) was razed in 1981. W. D. Huse & Co. Inc. moved to 467 Main St. in 1953 and took the building down by 1955. F.W. Webb moved to the Lakes Industrial Park in 2005. The W.D. Huse & Sons factory, on the other side of Union Avenue, was occupied by the Laconia Needle Co. until 1962, when that firm moved to the O'Shea Industrial Park. Thereafter, the building was occupied by the Beauchaine Machine Co., then the Beau Division of Vernitron until 1988, when Vernitron moved to Gilford. In 2004, the structure was demolished and the Millview housing development was built. (Daniel Sarch/The Laconia Daily Sun)
