SOFT PLASTICS

Our next soft plastics, Styrofoam and food drive collection is scheduled for Saturday, August 23rd from 11 am to 1 pm. Please be sure to check our Facebook Page for any changes www.facebook.com/UULaconia/ and here at Laconia Links.

The Laconia-Gilford Lions Club and UUSL (Unitarian Universalist Society of Laconia) Green Sanctuary volunteers will be out in front of the church at 172 Pleasant Street on August 23rd from 11 until 1pm. We are collecting # 6 Styrofoam, soft plastics, and single-serve sized pop-top canned food for our Community Action Program (CAP). Additionally there is need for travel-sized hygiene products, towelettes (Wet Ones), hand sanitizers, personal care products (Depends for men and women).

Soft plastics and Styrofoam must be clean and free of labels. Plastics cannot be any snack bags, candy wrappers, any product wrapping that is "crunchy" sounding. Mailers are acceptable. No bird seed or pet food bags can be collected.

We are pleased and proud that your community saved from the landfills some 1,100 pounds of soft plastics at our last collection. All that is saved for collection is converted into composite decking and furniture.

Save Our Earth in any small way you personally can and celebrate Earth Day every day!

Thank you!

Our sincere thanks to Franklin Savings Bank for their generous sponsorship of Laconia Pumpkin Festival! Shown above (left to right) are Brian Lamontagne, Jennifer Price, Ken Sawyer and Barbara Laros from Franklin Savings Bank; and City Councilor Robert Soucy, Nancy Brown, Joia Hughes, Wes Anderson and Savanna Brunelle representing the Laconia Pumpkin Festival Committee.

THEN . . .

This 'Gas House' on Messer Street produced heating and illuminating gas from late November 1894 until the plant blew up, March 4, 1952, having been 'reduced to rubble by a thunderous explosion that caused a shock wave that was felt throughout a wide area.' One of several 'gas holders' is seen at right in the background. After the 1952 explosion, liquid gas was trucked in until a new rail spur was built to accommodate tank cars by rail until a natural gas pipeline was completed in 1965. . . . AND NOW

Site of the former Gas House is now part of an Irwin Motors lot, on Messer Street. Clean-up of the Gas House site after the 1952 explosion resulted in quantities of coal tar — a by-product of producing the gas — being dumped on Liberty Hill in Gilford, resulting in massive remediation efforts there, in 2014-2015, following extensive work at the Messer Street site in the late 1990s and early 2000s. Whether you're getting down on the floor to play with your grandkids, tackling a household task, or after an unex-

pected fall, being able to safely lower yourself and get back up matters. Read more from the National Council on aging about why practicing getting up and down from the floor is important for aging well by clicking on the image above.
