### Permits Required:

Fire Department permits are required for the following:

- Gas-fired appliances
- Oil-fired appliances
- Gas and Oil tank installation
- Gas piping installation

Permits are also required for temporary tank installation and re-commissioning or replacement of disconnected gas and oil appliances and tanks.

All permits must be obtained at the Central Fire Station during normal business hours.  
Appropriated fees may apply.

Permits for any gas-fired (propane or natural gas) shall be obtained solely by a qualified and licensed gasfitter (who is completing the installation).
