

# HOW TO PAINT A ROCK CACTUS

1. Pick 3 rocks to be cactus (or a small one can be used as a ladybug)
1. Wash and dry well with water
2. Your hands will be covered in paint, you may want to push up your sleeves so they don't get in the paint.
3. Choose the colors you want, and squeeze a sizeable dollop onto your paint pallet.
4. Set out newspaper to protect the table
5. Paint rocks with foam brush, let dry (its pretty quick)
6. Paint second coat
7. Wash brush between colors, pat dry thoroughly
8. If using stripes of alternating colors, paint base color and let dry completely before painting other color
9. After rocks are dry, use paint pen to draw lines, dots, or asterisks
10. Fill flower pot with mini rocks 2/3 full
11. Use a small bit of moss as cushion between rocks
12. Arrange rocks and moss in flower pot
