

Monthly Adult Craft: Glitter Ornaments

SUPPLIES

- 1 clear ornament bulb
- Sharpie paint pens in your choice of colors
- Glitter in your choice of color
- Floor polish (there is one bottle to share)
- Optional— hot glue gun (there is one to share)

DIRECTIONS

- Once you've decided on a design, use the paint pens to draw on the outside of the clear ornament
 - Let the paint dry between coats if you're layering colors
 - If you make a mistake, rubbing alcohol will remove the paint
- Pour just a small amount of the floor polish into the bulb, using a funnel
 - Swish around to coat the inside of the bulb
 - Use a paper towel to cover the opening at the top so that it doesn't splash out
- Pour a small amount of glitter into the bulb using a funnel
 - Use a paper towel to cover the opening at the top so that it doesn't shake out
 - Swish around to coat the inside of the bulb
 - Pour out any excess
 - If you have any remaining glitter, save it in the multi-color glitter jar
- When finished, place the top inside the ornament. You can choose to hot glue it closed, but it should be secure on its own.
