

FIN-Tastic Father's Day Cards

MATERIALS

- Two colors of construction paper or card-stock
- Acrylic paint (at least one color)
- Glue stick
- Scissors
- Marker
- Pencil
- Paper plate

STEPS

1. Fold one piece of construction paper in half. This will be your card.
2. Write a message for Dad inside the card.
3. Draw a fish on the other piece of construction paper (making sure it will fit onto the card, and cut it out).
4. Glue the fish to the front of your card.
5. Choose at least one color of paint (more is great!) and pour small amounts onto a plate.
6. Dip your finger into one color of paint, and make dots all over the fish. Use as many colors as you would like to add dots to the fish.
7. When your fish is done being finger painted, Write a message on the top of the card. (We wrote, "Dad, you're FIN-TASTIC" but you can write whatever you would like!
8. Give the card to your favorite dad!
