

Fork Painted Christmas Trees

Supplies

- Paint (green, yellow, red and brown)
- Plastic fork
- White cardstock
- Paintbrush (optional)
- Other paint colors (optional)

Instructions:

- Pour green paint onto a plate.
- Slide a plastic fork lightly through the paint.
- Roll the fork (rounded edge first) onto your paper, starting where the bottom of your tree will be.
- Work your way up with the green paint, making your tree thinner as you get near the top.
- Mix some yellow paint in with the green on your plate and slide your fork through that. Add some of the lighter green paint to your tree.
- Let dry for a few minutes.
- Paint a brown trunk at the bottom of your tree.
- Dip your finger into yellow paint and draw a star at the top of your tree.
- Using whatever paint colors you would like, draw finger dots all over your tree to make ornaments.
- When it's dry, write a merry message on your card and send it to someone special!
