

# POM-POM SHEEP

## Supplies Needed:

- Pom-pom maker (or a piece of cardboard)
- White yarn
- Black felt
- 2 googly eyes
- Pipe cleaner
- Glue dots (or hot glue gun)
- Scissors

## Instructions

- Make a white pom-pom by opening the plastic pom-pom maker, and wrapping yarn around each C-shaped section. Then close both sections, cut through the groove all the way around, and tie a piece of yarn around the area you just cut. Open the pom-pom maker by pulling it apart at the middle, and you will have a round pom-pom.
- Trim your pom-pom, making it even all the way around.
- Cut the pipe cleaner into 4 pieces. Curl one end of each piece, add hot glue or glue dots to the uncurled end, and glue them at 4 corners into one side of the pom-pom.
- Glue the black felt face to the front of the pom-pom.
- Glue googly eyes onto your sheep's face.
- If you have leftover yarn, you can also make an indoor snowball fight! Just make several more pom-poms and let the snowball fight begin!
