

Paint Scratching: Spring Scenes

Supplies Needed:

- White cardstock
- Crayons
- Black paint
- Skewer
- Paintbrush or foam brush

Instructions:

- Color the cardstock. Use any colors you would like (other than black), and make sure to press down hard. Cover the entire card with color.
- Paint over the crayon with black paint. You may need to paint two or three layers to make sure there's no crayon showing through.
- Let the paint dry completely.
- When the black paint is dry, use the wooden skewer to scratch out a fun design on your card, and watch the bright colors pop through!
