Father's Day Taco Cards

What You'll Need:

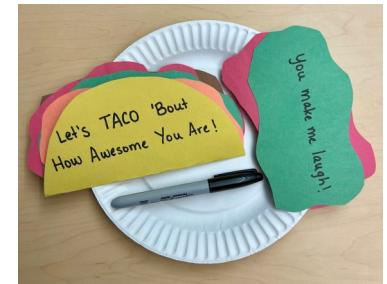

- Construction paper (yellow, red, orange, green and brown)
- Scissors
- Marker or crayon

How to Make the Card

- Fold the yellow construction paper in half and cut out a half circle. You should have a taco shell shape.
- Cut out brown (hamburger), orange (cheese), red (tomato), and green (lettuce) shapes to go inside your taco shell. We made ours wavy and made sure you can see some of each color over the top of the taco shell.
- Write a message on each color of construction paper. You can make coupons, write your favorite things about the person, or share a few jokes!
- Put the “ingredients” inside your taco shell.
- Write a fun message on the outside of the taco shell.
- Give the card to someone you love!
