

Ocean Suncatchers

Supplies Needed:

- Coffee Filter
- Markers
- Spray Bottle
- Black Construction Paper
- Scissors
- Glue Stick

Instructions:

- Use markers to color one side of the coffee filter with fun ocean colors.
- Spray the colored coffee filter lightly with water.
- Let the coffee filter dry fully.
- Trace your favorite ocean animal shape on to black construction paper.
- Cut out the animal shape.
- When the coffee filter is completely dry, glue the animal shape to the middle.
- You can either punch a hole in your suncatcher and hang it from a piece of yarn, or just tape it to a window and let the sun shine through!
